Two Leaders Are Slain in Missouri At Political Club

Binaggio and Gargotta Held Power in Kansas City; Both Shot Four Times

Kansas City, April 6 (AP)—Charles Binaggio and Charles Gargotta, recognized political and underworld chiefs respectively of Kansas City's Northside, were shot to death early today in their political club here.

Police immediately began a minute investigation of gangland and political activities here in search for a clue to the double murder.

Binaggio, 41, whose political power as a Democratic factional leader here has grown rapidly in the last few years, was found slumped in a chair at a desk at the rear of the club room.

One shoulder was sprinkled with cigarette ashes. There was a pool of blood on the floor. On the wall above Binaggio's body was a portrait of President Harry S. Truman.

Gargotta's body was found near the front door where he had been brought down by a bullet in the head. He had clawed desperately at a venetian blind as he fell. Lt. Harry Nesbitt of the police homicide squad said Gargotta obviously was trying to flee for his life.

Police Chief Henry W. Johnson said Binaggio must have known his killer quite well. The Northside political leader apparently had been reclining in his office chair just before the double slaying.

Both Binaggio and Gargotta had been shot four times in the head. No weapon was found at the scene.

Robbery Not Motive
Robbery was dismissed immediately as a motive. Gargotta's clothing contained twenty \$100 bills, four \$10's and in his billfold, a large old-style one-dollar bill.

Binaggio still wore his diamond-studded wrist watch and had \$24 in his pockets.

Police detectives expressed the belief the men probably were slain by out-of-town gangsters because "no one in Kansas City is tough enough or brave enough to pull such a job."

Frank Collins, chief of detectives, said he had notified the F.B.I. of the double slaying. He said he thought it likely the F.B.I. would enter the investigation because both the slain men were under subpoena from a federal grand jury investigating crime conditions in this area.

The federal grand jury investigation began after a number of unsolved murders, a number of them in gangland fashion. Among them was the slaying a year ago of Wolf Rimann, golf club manager and coin machine operator. Rimann was shot down in daylight on a busy street by two gangsters. The killers then escaped in a car.

Cable Found Bodies
The bodies of Binaggio, who began his political career as an underling for the late boss Tom Pendergast, and Gargotta, an ex-convict, were discovered after a cab driver noticed water running out of the front door of the clubroom, which is located on Truman road. He called police, who went inside and found the bodies. A broken water pipe had caused the overflow.

First to be questioned by police was Gus (Skinny) Gargotta, brother of the ex-convict. Sgt. Wayne Gibson of the police department said the brother told him that he knew nothing of the slain man's activities; that he

Youth, 15, Held After Chase in Car Reported as Stolen

Troopers, Sheriff's Aides, Local Police Take Part in Search for Auto

A 15-year-old local boy, who took a ride in a car listed as stolen, stirred all-out police action yesterday.

State and local police and the sheriff's men were on the youngster's trail shortly after the theft was reported to police headquarters here at 8:05 p. m., and he was arrested a half hour later on Albany avenue extension after riding over Route 9V at an estimated 90 miles an hour.

The theft was reported by Mrs. Esther Richter, 40 First avenue, who said the car was missing from the parking lot on Grand street between the Smith avenue Bull Market and the Russo Bowlatorium.

County Investigator Clayton Vredenburg and Identification Officer Leonard Belmont were leaving Saugerties when the car passed them, the report said.

The car apparently had been (Continued on Page 12, Col. 6)

Senator, Mrs. Wicks Will Go to Europe

Arthur H. Wicks of Kingston, Republican majority leader of the State Senate, will sail April 22 on the Queen Mary for a six-week vacation tour of France, Italy and Switzerland.

Mrs. Wicks will accompany him.

They will visit Paris, then drive to Italy by way of the French and Italian Riviera.

They then will tour Switzerland and sail for home June 1.

Boy, 19, Tells of Strangling Girl, 18, in Jealous Rage

Oakland, Calif., April 6 (AP)—Arthur Prindle, 19, shaking off the effects of 12 sleeping pills, mumbled a dramatic bedside confession to his policeman-father last night: He strangled his pretty 18-year-old sweetheart in a jealous rage.

"What did you do son?" asked Officer Leslie Prindle when the youth opened his eyes.

"I killed Sally . . . I choked her . . . we quarreled . . . she was going out . . . with other boys," he said haltingly.

The youth and his former fiancée, Sally Ann Humphreys, were found yesterday in a car parked in a lover's lane in nearby Contra Costa county.

The girl's body was slumped in the front seat, a man's belt tightened about her neck.

In the back seat, minus his belt, was young Prindle, his wrist bleeding from the jagged glass of the girl's compact. He was unconscious from the effect of the sleeping pills.

The confession to the father was witnessed by his mother and a sheriff's officer. Afterward, Deputy District Attorney Wakefield Taylor announced he had taken a stenographic statement which repeated and extended the admission. The youth will be charged with murder, Taylor added.

DP Measure Is Passed by U.S. Senate

Bill Liberalizes Quota Set in 1948, Number to Be Admitted Is Up to 359,000

Charges Are Made Some Provisions of Act Are Dropped as Asked by President

Washington, April 6 (AP)—Legislation to let additional thousands of European refugees come to this country to make their homes passed the Senate just before last midnight.

The bill, liberalizing the 1948 displaced persons law by raising the number that can be admitted to 359,000, caps a long and bitter struggle in the Senate. Republicans and Democrats in almost equal numbers joined to put it over, by a final vote of 58 to 25.

As passed, after a stormy session that lasted nearly 12 hours and set a new record on the number of roll call votes (20), it conforms in its essentials to a measure passed by the House last June.

The argument was largely over terms on which various members felt strongly—there was general agreement all along on the basic idea of admitting more refugees.

The Senate bill eliminates provisions of the 1948 act which President Truman assailed in his election campaign as discriminatory against Catholics and Jews. He repeatedly has prodded Congress for changes in the existing law.

Differences Remain
Differences still remain to be ironed out with the House, but Senator Kilgore (D.-W. Va.), a leader in the fight for the legislation, said he expected no difficulty in this.

On the final vote, 27 Democrats and 31 Republicans voted for passage. Opposed were eight Democrats and seven Republicans.

The bill would extend the present program for a year beyond June 30 and increase the number of refugees eligible for admission to this country from 205,000 to 359,000, including orphans and adopted children.

It also would wipe out requirements that 40 per cent of the P's admitted be from the Baltic states and 30 per cent be farmers. It would advance the eligibility "cut-off" date from Dec. 22, 1945 to Jan. 1, 1949.

Together, these three changes ease the principal provisions that gave rise to the charges of religious and racial discrimination in the present law.

Says Bill Is Fair
Ugo Carusi, chairman of the Displaced Persons Commission which administers the program, told reporters that the bill is "fair and workable" and eliminates the major objections that were raised against the present law.

After convening at noon, the Senate started voting on the controversial legislation at 2 p. m. and kept at it until almost midnight under a previous agreement to stay in continuous session until final action.

A heavily-amended version of the House bill was proposed by the Senate Judiciary Committee under the leadership of Chairman McCarran (D.-Nev.). But the committee amendments went down to defeat one after another.

Lattimore Says McCarthy Talk Base, Contemptible

Dulles Will Be Aide to Secretary

Foreign Policy Expert Will Be Consultant to Acheson on World Problems

Gets No Title

Attorney Will Serve Without Ambassador Rank

Washington, April 6 (AP)—The State Department said today John Foster Dulles, New York lawyer and foreign policy expert, had agreed to serve as consultant to Secretary of State Acheson.

A formal announcement said the Republican leader was asked to take the position by both President Truman and Acheson.

Only last night, Presidential Press Secretary Charles G. Rose denied reports that Mr. Truman proposed to name Dulles to a top policy post with the rank of ambassador at large.

The State Department today said Dulles "will advise Secretary Acheson on broad problems in the field of foreign affairs and on specific lines of action which this government should follow." It added:

"His work will not be confined to any specific area of the world. His broad background and wealth of experience qualify him for consideration of problems in Europe, the Far East and other areas of the world, as well as problems affecting the work of the United Nations."

"Mr. Dulles, whose cooperation has been extremely valuable to the department in the past, will assume his duties in about two weeks, after completing a brief vacation."

Worked Out by Two
It was learned today that the Dulles appointment was worked out by Acheson and Senator Vandenberg (R.-Mich.) after Mr. Truman had authorized Acheson about 10 days ago to take such action in an effort to restore real bi-partisanship in foreign affairs.

The President, Acheson and Vandenberg finally agreed on Dulles as the best man for the job within the past day or so.

Today's announcement made clear that although he will have top rank under Acheson and Under Secretary of State James Webb, he has not been given the formal title of ambassador at large. Nonetheless, it appeared that he will rank along with Ambassador Philip Jessup as one of the mainstays of Acheson in working out major foreign policy problems.

After Rose's denial last night, other presidential associates at Key West said Mr. Truman had not planned to include Dulles among the bi-partisan foreign policy advisors because of Dulles' attacks on the administration during the New York senatorial campaign last year.

Dulles, who made an unsuccessful race against Senator Lehman (D.-Ib.-N.Y.), had raised the issue of "welfare state" and "statism" in his campaign speeches.

Pistol Bill Vetoed
Albany, N. Y., April 6 (AP)—Governor Dewey vetoed without comment today a bill that would have permitted reformed ex-convicts to obtain pistol permits.

Democratic Assemblyman Hulan E. Jack of Manhattan, who sponsored the measure, said when it was approved by the Legislature that it was intended to help former convicts who needed pistol permits in legitimate employment.

Persons convicted of felonies now are forbidden to carry sidearms. The bill would have authorized the police commissioners of New York city and Nassau county, and judges of courts of record elsewhere in the state, to grant permits to any former convict who had received an executive pardon or a "good-conduct" certificate from the parole board.

Treasury Receipts
Washington, April 6 (AP)—The position of the treasury April 4: Net budget receipts \$107,244,033.56. Budget expenditures \$115,687,358.25. Cash balance \$5,556,806,727.66. Customs receipts for month \$4,572,837.73. Budget receipts fiscal year July 1 \$29,042,140,176.54. Budget expenditures fiscal year \$30,410,944,721.67. Budget deficit \$1,368,764,545.13. Total debt \$255,594,468,095.52. Debt outstanding previous day \$28,108,219.28. Gold assets \$24,246,069,824.44.

Hazards of Reporting

Miami Daily News reporter Rose Mallory accompanied the census taker April 4 to Fowey Rock Light House to count the four Coast Guardsmen stationed four miles off shore. Just as she was stepping onto the lighthouse ladder, a wave struck. Daily News photographer Wally Davis caught Miss Mallory a split second before she plunged into the Atlantic. A dunking and a severe loss of dignity was the only injury sustained. "Census taking is all wet," commented Miss Mallory. "I'll stick to reporting." (A.P. Wirephoto)

Board Will Hire Clerk to Care for Building Records

Appointee Will Receive \$100 Weekly, Work Under Architect Halverson

Two decisions related to construction of the new Washington School in the Eleventh Ward were arrived at by the Board of Education in regular session Wednesday evening.

The board voted to hire a clerk of the works for the job at \$100 a week to look after the board's interests during construction.

The clerk to be under the direction of Architect Harry Halverson and working in cooperation with Richard McLean, senior building maintenance superintendent.

It was also voted to accept the alternate bid and install Trane unit ventilators in the building. Prior to the meeting a demonstration of the three ventilator units was given by company representatives and the board later held all units good but selected the Trane unit since it means a saving of \$1,800 in price. Trane was listed by Architect Halverson as an alternate, since it is a belt operated unit while the other units are directly connected between motor and fan.

No Change in Policy
The board also decided to make no change in a policy which was adopted several years ago and which prohibits photographers from taking class pictures in the school auditorium for their annual concert on May 5 and for rehearsal on May 1.

Use of the M.J.M. gym was granted the Junior Class for its annual party on May 6.

A release was received from Harry Gold, representing the owners of the Millard Building, cancelling the lease which the school held for a portion of the building for shop classes. Completion of the Vocational School addition makes the Millard Building space unnecessary. The release becomes effective as of June 30, 1950. The board voted to leave certain old type lighting fixtures in the building, the board having no further use for them.

Will Complete Contract
A communication was received from the Gulf Oil Products Company notifying the board it would complete its contract to supply oil to the school and that No. 5 oil would be supplied at the high school where the burners have been converted for use of the heavier and cheaper oil. Oil will be delivered at 8 cents per gallon, a saving of 2 cents under the contract price for No. 2 oil. The contract runs for the present year.

Mayor, Housing Officials To Confer With Stichman

Will Meet With State Commissioner to Discuss Two Possible Sites, One in Sixth Ward, Other in Flatbush Avenue Section

Mayor Oscar V. Newkirk and a committee of the Kingston Housing Authority plan to confer with Herman T. Stichman, state commissioner of housing in New York next week on two proposed sites for a low-rent project here, the mayor said today.

The authority yesterday discussed the state's rejection of a Sixth Ward site and decided to try for further consideration of that site and discuss one in the Flatbush avenue area.

A letter to George E. Yerry, Jr., secretary of the authority, from Charles L. Jones, director of the Bureau of Technical Development and Construction in Stichman's department, said the area would be "inadequate and insufficient for the development of an economically feasible project."

The site proposed, Jones said, "would provide space for not more than 46 units in two-story row houses or 70 units in three-story apartment type buildings on the basis of acceptable maximum coverage."

The letter stressed, however, that "Commissioner Stichman wishes me (Jones) to assure you that upon your request, we will be pleased to give all possible assistance to your community in your efforts to secure a feasible site for the development of your project."

The mayor and Alderman-at-Large Joseph Kelly attended the meeting of the authority conducted yesterday by Arthur A. Davis, Jr., chairman.

Big Flying Boat Lost in Explosion

Navy Is Investigating Blast That Wrecked 80-Ton Mars

Pearl Harbor, April 6 (AP)—The navy sought today to learn why a newly-mounted engine on its Marshall Mars caught fire, causing an explosion that destroyed the giant 80-ton flying boat.

Seven crewmen who were taking the \$7,500,000 craft on a test run yesterday brought the ship to an emergency water landing and escaped minutes before 6,000 gallons of high octane gasoline exploded.

The navy launched an inquiry to learn: 1. Why carbon dioxide extinguisher equipment failed to check quickly the fire in the newly-installed number three engine? 2. Why the wing tank cell of aviation gasoline exploded after the engine fire apparently was quelled?

A navy source said pictures (Continued on Page 12, Col. 7)

California Rookie, FBI Man Slay One of Worst Criminals

Los Angeles, April 6 (AP)—Fred Walter Lennon, 39, one of the nation's worst criminals is dead, beaten to the draw by a rookie officer and an F.B.I. agent.

And today, police and federal men throughout Southern California are trying to track down his "most-wanted" partner, believed traveling in a house trailer with his wife, listed as "a dangerous gun moll."

Lennon was cut down yesterday by F.B.I. Agent Jerome J. Dount and State Highway Patrolman Sam H. McDaniel after a 70-mile-an-hour chase on a desert road near Mojave, Calif.

He was spotted by Dount near Lancaster after the trio had been reported seen in that area, towing a house trailer. The car pulling the trailer was reported to contain Lennon, Lee Emory Downs, 44, listed by the F.B.I. as one of the 10 most-wanted criminals, and Downs' wife, Patricia. Lennon apparently drove on alone to draw pursuers from Downs and his wife.

Dount set out in pursuit. A Mojave he stopped and enlisted the aid of McDaniel. They overtook Lennon's car about 10 miles west of Mojave after a 70-mile-an-hour chase.

Denies Any Communist Affiliation

Statement Says Senator Has Made U. S. Look Ridiculous in Eyes of World

'Asked' to Resign

McCarthy Would Do Country Favor, He Says, by Quitting

Washington, April 6 (AP)—Owen Lattimore, accused by Senator McCarthy of being Russia's top spy in the United States swore today that the charges are "base and contemptible lies."

He said McCarthy has "flagrantly violated" his responsibility as a senator and has made unauthorized use of secret government documents.

Lattimore, an authority on Far Eastern affairs, took note of McCarthy's contention that he can prove Lattimore is or was a Communist and declared:

"I was not and have not been a Communist . . . ; and I am not a Communist now."

Lattimore made his denial in testimony prepared for a Senate Foreign Relations Subcommittee investigating McCarthy's charges that Communists and Red sympathizers have infested the State Department.

Lifting back hard in a 10,000-word statement, Lattimore, said McCarthy has violated his responsibility "by making the government of the United States an object of suspicion in the eyes of the anti-Communist world, and undoubtedly the laughing stock of the Communist governments."

Lattimore also declared that McCarthy has impaired the effectiveness of this government "in its relations with its friends and allies."

Cites Basis of Terror
He accused the Wisconsin senator of "instituting a reign of terror among officials and employees in the United States government, none of whom can be sure of safety from attack by the maligning of irresponsible publicity in Joseph McCarthy's hands."

Lattimore is director of a school of international relations at Johns Hopkins University. He flew back to this country from a United Nations mission in Afghanistan after McCarthy made his accusations.

Lattimore said the inquiry committee the McCarthy has constituted "is a mockery of justice."

1. "Without authorization used secret documents obtained from official government files."

2. "Vilified citizens of the United States and accused them of high crime, without giving them an opportunity to defend themselves."

3. "Refused to submit alleged documentary evidence to a duly constituted committee of the Senate."

4. "Invited disrespect to himself and his high office by refusing to live up to his word."

As for the McCarthy charges against him, Lattimore said that in effect they amount to an accusation of disloyalty and treason. Then he added:

Says Charges Untrue
"McCarthy's charges are untrue. As soon as I heard of the substance of the charges I denounced them for what they were: Base and contemptible lies."

In saying that McCarthy had failed to live up to his word, Lattimore noted the senator had promised the Senate that any charges he made under the "cleak of immunity" he would repeat off the floor so, as Lattimore put it, "their falseness could be tested in a court of the United States." Lattimore added:

"He said that if he should fail to do this he would resign. He has been called to repeat his charges so that they could be tested in a court of action. He has failed to do so. And he has not resigned."

Lattimore declared:

"I think that I would be the instrument of a great service to the country if the senator should resign, and I want to deal with each of his charges."

At another point, Lattimore recalled that McCarthy had voiced his espionage agent charge off the Senate floor. He said this "has a bearing upon an action for libel which I propose to discuss with you."

Liquor Authority Bans Purchases After Default

A bulletin of prime importance to the retail level of the alcoholic beverage industry will be mailed this week to every retailer in the State of New York by the State Liquor Authority. It was announced today by Chairman John F. O'Connell.

The bulletin informs them of an amendment to the Alcoholic Beverage Control Law, enacted at the 1950 session of the Legislature, which makes the following provisions affecting retail licensees:

1. Beginning on April 10th, 1950, retailers who receive a written notice of default of payment for alcoholic beverages purchased during the preceding month must immediately stop buying on credit.
2. All purchases made after receipt of a written notice of default must be made for cash only.
3. Retailers who have received a written notice of default may buy for cash only until granted a release in writing by the State Liquor Authority or until their names have been removed from the printed delinquent list.
4. The license of any retailer buying on credit after receiving a written notice of default may be suspended for not more than five days for the first offense and not more than 30 days for a subsequent offense.

Section 101-a, Subdivision 2 of the Alcoholic Beverage Control Law requires manufacturers and wholesalers of alcoholic beverages to give written notice of default by registered mail to retailers who have failed to pay by the 10th day of the month for alcoholic beverages purchased during the preceding month.

Chapter 154 of the Laws of 1950 amends Subdivision 2 of Section 101-a by further providing that:

"Any such retail licensee receiving such notice shall not thereafter purchase alcoholic beverages except for cash until such time as it is determined that the name of such retail licensee shall not be published on the delinquent list as provided in Subdivision 3 of this Section or until such time as the name of such retail licensee is removed or released in writing from the delinquent list as hereinafter provided in Subdivision 4 of this section."

Although the State Liquor Authority has extended to the 15th day of the month the period for giving written notice of default during the calendar year 1950, this measure of relief granted to wholesalers and manufacturers in no wise relieves retailers of their obligation to pay their bills by the 10th day of the month.

Chambers' Guernsey Cow Sets Record

Peterborough, N. H., a registered Guernsey cow, Maple Lane Africander's Eva, owned by A. H. Chambers, Maple Lane Farms, Kingston, has completed an outstanding advanced register record of 11,332 pounds of milk and 628 pounds of butterfat on three daily milkings for a 10-month period, starting her record as a junior 4-year-old.

Maple Lane Africander's Eva is the daughter of the registered Guernsey sire, Maple Lane Gem's Africander.

This record was supervised by Cornell University and was reported to The American Guernsey Cattle Club for approval and publication.

Man Hit by Bus

David MacArthur, 77, of New Paltz received a fractured right shoulder and other injuries when he was struck while walking along Route 299 three miles east of Highland about 8:15 p. m. Wednesday, state police at Highland reported. Troopers said the bus, operated by David E. Broun, 34, of New Paltz, was traveling toward New Paltz when it struck the aged man. MacArthur was treated for his injuries at Vassar Hospital in Poughkeepsie. No arrest was made.

Proclamation

Mayor Oscar V. Newkirk today issued the following proclamation.

GOOD FRIDAY PROCLAMATION

Whereas, Friday, April 7, is Good Friday, I call upon the citizens of Kingston to give emphasis to the great spiritual truth of this day.

Throughout the Christian nations of the world, people will gather in their houses of worship to commemorate the death of Christ. His supreme sacrifice is a constant reminder to us that no greater love hath any man than this, that He laid down His life for a friend.

We must give ourselves constantly with this truth in order to stand fast against the forces of paganism and godlessness which are so rampant throughout the world.

Now, therefore, I call upon each and every one to attend their House of God and to pray that the message of Christ might become the cornerstone of our faith and living.

OSCAR V. NEWKIRK, Mayor.

Rotarians Hear Talk on Courts By Judge Cashin

County Judge John M. Cashin was the guest speaker at the Rotary Club luncheon held Wednesday and in the brief time from court duties he discussed some facts of the work of both the county court and the children's court.

Despite the fact that many of the cases brought before him were very unpleasant because of the pathetic and tragic ending of them, the judge stated he got great satisfaction out of his work in that he was doing his best to aid these human beings to take their rightful place in society.

In many cases, he asserted, transgressors of the law were suffering from a mental sickness to such a degree that people are afflicted with tuberculosis, cancer or other malady. The incarceration in jail of these offenders does not cure the illness, for the same offenses are committed again by them upon release from jail.

The judge believed that better results could be obtained if in our penal institutions these offenders could be treated by specialists for the crime committed. He cited cases of automobile thieves, who would take cars just for the ride and with no intention of disposing of them. Also the alcoholic, who to satisfy his craving for drink, would violate the law in order to get a drink.

With the sex offender, who apparently is incorrigible, there is but one cure and that is life imprisonment, he said. It is very important to society that these offenders be removed from their midst. Mutilated bodies of our youth and other ghastly crimes, the work of these sex maniacs, call for extreme measures. He was happy to note that a bill calling for life imprisonment for sex offenders has been introduced in the New York State Legislature.

The work of the probation officer and the court in connection with the rehabilitation of offenders in an attempt to restore these people to normal life, was also described.

The judge thanked the Rotarians for the privilege of explaining some of the work of the courts and asked for continued help in probation problems. An expression of confidence in them by some one whom they respect and admire is a big factor in their restoration, he concluded.

Theft Is Investigated

Police Chief Raymond Van Buren said today that Detective Clarence Brophy is investigating a \$400 theft at the sport shop at 308 1/2 Broadway. Several rifles, pistols and money were taken from the shop by person or persons, who broke in, he said. The theft was reported last Friday and has been under investigation since then.

President Terms Gas Legislation One of Toughest

Key West, Fla., April 6 (AP)—President Truman's closest confidants said today he considers his action on the natural gas bill one of the toughest decisions he faces this election year.

Thousands of persons have telegraphed or written either to urge its approval or call for a prompt veto.

They included, on the one hand, many of his close personal friends and Democratic Party followers from the southwest, who want the measure signed, and powerful big city politicians on the other hand, who are demanding a veto.

The measure would prohibit the Federal Power Commission from fixing the price of gas delivered to pipelines by independent producers.

Presidential Press Secretary Charles G. Ross told reporters only that Mr. Truman will take his time about acting. He acknowledged that there was quite a lot of pressure from both advocates and opponents of the legislation.

Speaker Rayburn of the House, a Texan, and one of the President's closest pals, is an outspoken advocate of the measure.

The President, however, was urged yesterday by mayors of 18 big cities to veto it. The group included Mayor William O'Dwyer of New York.

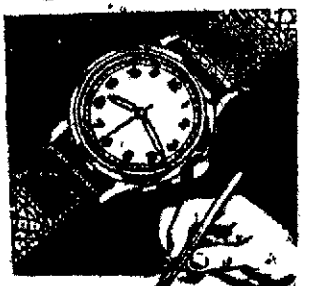

The sharp division within the party was reflected in the House when the measure squeaked through by a two-vote margin. It was supported by 97 Democrats, opposed by 116.

Opponents contended it would take an extra \$100,000,000 a year from consumers, principally in the north and east, and hand it over to special interests. Rayburn said, on the other hand, "this bill will not raise the price of natural gas to any consumer by one red cent."

While the battle went on, the President, who has not yet received the bill, continued to enjoy his vacation. He flies back to Washington Monday.

Gets Heart Artery Of Dead Patient To Save His Life

Detroit, April 5 (AP) — Henry Ford Hospital today reported the use of a dead patient's aorta (heart artery) to save a man's life.

The aorta is the great artery of the heart. The operation involved transplantation.

Whether the operation here was without precedent was not clear. However, recently developed techniques were said to have been used.

The patient is a 57-year-old man. It was found that he was suffering from a disease of the walls of the aorta.

The aorta was greatly distended and threatening to burst, which would have meant death.

A six-inch segment of the diseased aorta was removed and then replaced with a piece of strong aorta.

The latter had been preserved since the death of another patient five days earlier. It had been removed in a post-mortem operation.

The name of the patient was not disclosed by hospital authorities.

But today the patient was improved enough to tell attendants that a back pain, apparently resulting from pressure of the enlarged aorta against a vertebra, had disappeared following the operation.

Hospital attendants expressed belief the operation was a success and the patient will recover.

Cigarette Makers Say Ads Stopped Several Years Ago

Washington, April 6 (AP) — A government agency's orders that the makers of Camels and Old Gold cigarettes stop certain advertising practices have drawn the retort that the complained-of ads were discontinued years ago.

The stop orders were issued yesterday by the Federal Trade Commission against R. J. Reynolds Tobacco Co. for Camels and P. Lorillard Co. for Old Golds.

Both companies, the agency contended, had made "false and misleading" claims that their cigarettes contained less throat irritants than other brands.

Lorillard, in a statement issued in New York, termed the F.T.C. order "unjustified." The company said its "advertising philosophy" made "no therapeutic claims of any kind."

In Winston-Salem, N. C., officials of the Reynolds Co. said that "all of the advertising themes complained of by the commission were discontinued more than five years ago, most of them even before the complaint was issued, and that the commission's finding of facts confirmed this discontinuance."

Lorillard said the complaint which led to the F.T.C. order against Old Golds was filed "more than seven years ago." It said the ads cited were long ago discontinued.

Both companies denied that they ever intentionally used any false advertising.

The order prohibits the two companies from claiming that their cigarettes contain less nicotine, tars and resins than other "leading brands" of cigarettes, or that the smoke from them is less irritating to the throat.

The companies may appeal the decision to federal courts if they wish.

Sometimes glue can be removed by soaking the stain in warm water. White vinegar also may be used.

TRUMAN SHOULD VETO GAS BILL
Unless President Truman vetoes the Kerr bill exempting independent natural gas producers from federal regulation, millions of gas consumers may find rates going up.
Senator Kerr, Oklahoma Democrat and author of the measure, did not deny that his plan would allow producers to charge more for their gas. But he and other proponents of the bill argued that any increases probably would be absorbed by distributors rather than passed on to consumers through higher retail rates.
Opponents couldn't see it that way. They predicted that domestic and industrial users of natural gas in the East and Midwest would have to pay between \$300 million and \$500 million a year in increased rates.
The arguments advanced by Kerr and his supporters hardly seem convincing. Indeed, some gauge of the doubt raised in the Senate on this score can be seen in the fact that Republicans, who traditionally fight to balk federal control, bulked larger than Democrats in the opposition to the Kerr bill.
Twenty-two Republicans joined sixteen Democrats in favor of keeping the independent regulation by the Federal Power Commission. Many of the G.O.P. opponents are New Englanders who foresaw rate increases that would further damage industrial prospects in their region. New England has been trying to regain its lost industrial prowess in competition with other sectors.
But the opposition went down, forty-four to thirty-eight. Kerr mustered twenty-eight Democrats and sixteen Republicans for his bill. They represented senators from gas-producing states and those who are against the broadening of federal regulation, as a matter of principle.
The debate and the final vote is a revealing commentary on how completely party lines may be shattered when an issue is at stake that seems to affect the pocketbooks of the lawmakers' constituents. In this case, it might be added, the pocketbook of Senator Kerr himself may be affected, for he is a wealthy man whose fortune was made in oil.
It is the big oil companies who are actually the "independent" gas producers involved in Kerr's bill and will be the beneficiaries of any rate hikes. Kerr has not denied he personally will profit. He has only debated the probable size of his gains.
It's doubtful the pipeline distributors of natural gas plan to pay the producers the higher prices they can command and then, like good Santa Clauses, simply suffer a loss in their own revenues so the consumers can avoid higher gas bills. The President looks like the consumers' last resort in this situation. He ought to veto the Kerr bill.
Job had his troubles, but at least he did not have to start the car on a cold morning.
Many people think any dinner is good as long as it is steak.
No one welcomes spring more than the owner of a jalopy.
COMFORTING THOUGHT
To anyone who's been worrying about the way the Russians are said to be producing submarines, a U. S. Navy expert has some comforting words. He says there's a development just ahead that may enable this country to drive submarines off the seas.
If he isn't exaggerating, this is big news. For the submarine in another way is not visualized simply as a menace to shipping and naval surface craft. It is pictured as a mobile platform for the launching of powerful guided missiles that could do untold damage to important shore installations many miles away.
Moreover, it gives promise of executing its original function more effectively. Modern submarines can fire target-seeking and pattern-weaving torpedoes from distances too great for ship-listening devices to detect them.
The naval expert, Rear Adm. C. B. Mommson, hinted that the development which might put submarines out of business would

THE "AMERASIA" CASE
No writer likes to keep everlastingly on one subject, trying the patience of his readers—and his own—but I know that the suppressed "Amerasia" case is the key to all this miserable quarrel over the State Department.
Two raids were made on that magazine: One by the O.S.S.; the other by the F.B.I. In this piece, I shall discuss the suppressed O.S.S. investigation.
An unimportant report on Thailand appeared as an article in the magazine "Amerasia." While the article itself did not matter, obviously, the O.S.S., which was a very secret arm of the government under the direction of General William Donovan, was deeply concerned. For it led to a leak in its own organization. It meant that the O.S.S., which dealt with espionage, was itself the subject of espionage.
Thereupon an investigation ensued under the direction of Frank Brooks Bielecki, ordered by A. Van Seters, Security Officer of O.S.S. It was found that about 30 persons in various departments of the government had access to this document and each name was known. It was decided to visit the offices of the magazine. It took the investigating crew about a week, from March 3 to 10, 1945, to get into the premises, because someone was always working there late at night.
Five persons entered the premises at midnight of March 11, one a mechanic. The reason for the late hour was that the office was in use all day Sunday until 5 p. m.
This magazine then had a circulation of 1,700, a fact which is important because while the publication itself could not have amounted to anything, its premises seemed very busy. In it was located a large photo-copy room with an unusual amount of equipment. Such equipment could not have been needed to produce this small magazine.
In the rear of the office suite were three principal rooms: the office of Kate Mitchell, the office of Philip Jaffe, and a large library which contained hundreds of volumes relating to the Far East. On the library table was an envelope containing secret documents, across the top of each of which was written the name of one of America's most important novelists, whose name I am not giving now. In that envelope were found six documents, hastily copied on a typewriter from original navy documents, all marked "top secret." I have, in my possession, a general description of these documents.
In Philip Jaffe's office were found a bellows-type suitcase and two briefcases, suitable for carrying documents. The suitcase was marked "P. J. J." Scores of secret documents were found in these three receptacles. They were from the State Department, Naval Intelligence, Army Intelligence, and the O.S.S. Some were original documents; some typewritten copies, with three or four carbon copies. There were also photostats of State Department documents.
The raiders actually took some of these documents as samples. All the O.S.S. documents were stamped with a declaration to the effect that possession of such articles by an unauthorized person constituted a violation of the Espionage Act. One of the photostats, from the State Department, showed the complete distribution of all groups in the Chinese army, the places where located, under whose command, naming units division by division and showing their strength.
Four agents saw all the documents and are therefore witnesses to the transaction. They have never been called in any investigation, although five years have passed and the statute of limitations has been permitted to run.
All this was duly reported and the documents delivered to the O.S.S. Security Officer, A. Van Seters. Undoubtedly, this was given to General William Donovan, who has never been called to testify concerning a case of major espionage, involving hundreds of documents.
The original officers of the "Amerasia" magazine were:
Editorial board: Frederick V. Field, chairman; Philip J. Jaffe, managing editor; Lillian Peffer, assistant editor; Harriet Levine, secretary; T. A. Burton, Chicago; Charles E. Kennedy, W. Cologrove; Owen Lattimore; William W. Lockwood; Cyrus E. Peake; David H. Popper; William T. Stone. (From issue of August 1938, Vol. II, No. 6).
To this subject, I shall refer again.

TUBERCULOSIS DEATH RATE DECREASING
Many may remember when tuberculosis was called consumption and every patient died after an illness of months or years. It was a "fatal" disease. It is interesting, therefore, to read in the Statistical Bulletin of the Metropolitan Life Insurance Company the following: "The death rate from tuberculosis, which has long been falling in this country, has further decreased, and at a more rapid rate during the past few years. It is still too early to be certain that a new trend has been definitely established; but if the recent rate of decline of the death rate continues, tuberculosis will be banished before long to a minor place among the causes of illness and death."
From present indications and figures, the death rate for 1948 will be at least 10 per cent below that of 1946, 25 per cent less than in 1946 and only about one-half the rate recorded as recently as 1937. Think of that—the death rate in this formerly incurable disease has been reduced 50 per cent within a period of 12 years.
This rapid rate of decline in recent years can be credited to a large extent to the intense fight against tuberculosis by physicians and public-minded citizens during and following World War II. Thorough physical examinations of millions of young men and women were made before their discharge from military service. The examinations uncovered many cases of tuberculosis. These "military" physical examinations, with extensive chest surveys including X-rays, are now given to all citizens referred by physicians or who wish to take advantage of them.
A big factor in reducing the death rate in tuberculosis is the fever-killing drug, streptomycin, which is very effective in certain types of the disease.
Finally, the brilliant results obtained by surgical operation in what were once considered hopeless cases is an important factor in preserving the lives of these greatly discouraged patients.
With this gratifying picture of the successful fight against tuberculosis, and keeping in mind the control of the formerly fatal diseases, diabetes and pernicious anemia, we should try to be more hopeful about finding the cause of cancer.

The Washington Merry-Go-Round

By DREW PEARSON

Washington—Oklahoma's curly Senator "Cotton" Elmer Thomas was so burned up after this column corrected his version of General Bradley's secret testimony on the possibility of war that Thomas has now ordered a Senate subcommittee to investigate.
The subcommittee is supposed to find out how this column got General Bradley's secret testimony. Senator Thomas had reported to the press that the chief of staff was not worried about war with Russia. To keep the record straight, however, this column gave a word-by-word account of Bradley's remarks, which differed considerably from Senator Thomas's version.
Following this, "Cotton Elmer" named three senators to investigate this columnist—Joel O'Mahoney of Wyoming, Willis Robertson of Virginia and Homer Ferguson of Michigan. They are now checking on all the secret transcripts to find which one might have slipped into Drew Pearson's hands. What stumps the investigators, however, is that the column also quoted what General Bradley said off-the-record—which doesn't even appear in the stenographic transcripts.
So far the subcommittee suspects a certain Republican senator of leaking the story to Pearson, but I can assure the subcommittee's hands. What stumps the investigators, however, is that the column also quoted what General Bradley said off-the-record—which doesn't even appear in the stenographic transcripts.

THE EASTER STORY

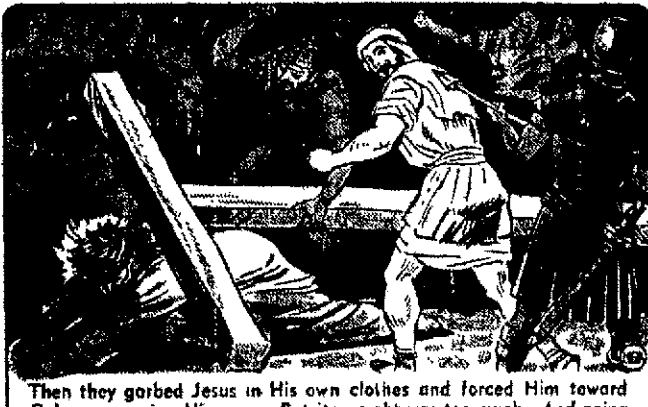

Pilate thereupon released Barabbas and scourged Jesus and delivered Him to be crucified. Taking water he washed his hands before the people, saying: I am innocent of the blood of this just man; look ye to it. (Matt. 27:24)

His soldiers stripped Jesus and put a scarlet cloak on Him. They crowned Him with thorns and for a sceptre put a reed in his hand. And bowing the knee before him, they mocked him, saying: Hail, king of the Jews. (Matt. 27:29)

Jesus Is Mocked

Drawn by John J. Sunley

Then they garbed Jesus in His own clothes and forced Him toward Calvary, carrying His cross. But its weight was too much. And going out, they found a man of Cyrene, named Simon: him they forced to take up his cross. (Matt. 27:32)

Son Makes Decision That Saves Father

Oyster Bay, N. Y., April 5 (AP) — It was a grim decision for 23-year-old Norman Christiansen. His father's life depended on it. Young Christiansen was handling the air pump yesterday, while his father, Edward, 51-year-old veteran diver, was under water removing the heavy timber "skids" from a newly launched tugboat.

Suddenly one of the loosened poles remained against the diver, pinning him at a depth of 20 feet beneath the hull of the boat. The son, realizing the trouble,

knew that a continued flow of air would cause his father's suit to explode if the pole jammed the air release mechanism. He also knew his father had to have air.

So young Christiansen stopped the air flow, except for an occasional light burst. It was the right decision. In a few minutes he got a weak message from his father:

"Air release jammed. I can't reach it."

The son directed fire department rescue workers in grappling for the jammed timber. Finally, after 25 minutes, the diver was released and brought to the surface.

His first words, after he revived, "Why does this always have to happen to me?"

Just two years ago, Christiansen was buried for four hours on the bottom of New York harbor when an underwater trench collapsed on him. He coolly directed his own rescue by telephone.

Two to five years are required for an oyster to reach marketable size, depending on the locality.

NEW HURLEY

New Hurley, April 5—Memorial flowers will be arranged in the New Hurley Church Saturday afternoon by Mrs. Gerow Wilkin. All those wishing to have the names on the church bulletin should report to Mr. Tysse by Friday.

Instead of the Wednesday evening Bible study hour a Good Friday service will be held in the Memorial Chapel at 8 p. m. Meditations will be on the Seven Last Words of Jesus spoken upon the Cross.

Easter sunrise services will be held at the Borden farm at 7 a. m. The Rev. Cornelius Meyer of Shawangunk will be the speaker. The April Missionary meeting will be held at the home of Mrs. Gerow Wilkin Thursday, April 13, at 2:30 p. m. Miss Bertha Sutton will conduct the worship service and Mrs. Elmer Fries will lead a discussion about migrant laborers. Response to roll call will be an Easter meditation.

The Dutch Arms of the Classis of Orange will hold a dinner meeting Tuesday, April 11, at 6:45 p. m. in the Walden Reformed Church, 10th, Gay St. Brown of the State Council of Churches will give the address.

Word was received here of the death of the Rev. George C. Dangremont, a former pastor of the New Hurley Reformed Church. He died at his home in Montrose, March 24. Funeral services were held Monday, March 27, at the Cortlandtown Reformed Church, Montrose, with burial in Saugerties Tuesday. The Rev. Mr. Dangremont was pastor of the New Hurley Reformed Church from 1912 to 1918.

The Young Women's Club was entertained Saturday at the home of Mrs. Jacques Bauman on the Forest road with Mrs. Arnold Perschling as the assistant hostess. The devotions were led by Mrs. Lawrence Dolan. The president, Mrs. Duane Dolan, took charge of the business meeting. Final plans were made for the launching dinner for the new

Church Hall Building Fund which the Young Women's Club will put on April 12 at 7 p. m. Mrs. Theodore Williams joined the club at this meeting. At the close refreshments were served by the hostess and assistant. The May meeting will be at the home of Mrs. Lawrence Dolan with Mrs. Duane Dolan as the assistant hostess. There were 17 present at the meeting Saturday.

Harold Sutton of Clintondale was a caller at the home of Mr. and Mrs. Edward Powell Wednesday afternoon.

Mr. and Mrs. Ralph Sherwood and daughter of New Brunswick, N. J., spent the week-end at the home of his parents, Mr. and Mrs. George Sherwood.

Two new members were received in the church at the com-

munion services Sunday. They were Norman Turner and David Wager. Roger Beatty also will be received as a member at a later date.

Blossom Festival Costs to Be Paid By Memberships

The 1950 Hudson Valley Apple Blossom Festival in Kingston on May 6, will be financed through memberships in the Ulster County Council. The Ulster County Council has been organized to finance the festival and other projects throughout Kingston and Ulster County soliciting their financial support.

The Ulster County Council was organized in 1939 to finance the Apple Blossom Festival and the Ulster County Day at the New York World's Fair. With the interruption of the apple blossom festival by the war, the council became inactive. The officers still are: C. O. DuMond, now state commissioner of agriculture and markets, president; E. Frank Flanagan, of Kingston, treasurer; and Alvin H. Kuntz, now executive secretary of the Kingston Chamber of Commerce, secretary.

All those who now affiliate with the Ulster County Council, by becoming members, will be invited to a meeting later on for the election of directors and new officers. Business or commercial membership is \$10 and individual membership \$5. The temporary headquarters of the Ulster County Council are in the Kingston Chamber of Commerce office at the Governor Clinton Hotel. All funds received from the memberships this year will be devoted to the promotion of the Hudson Valley Apple Blossom Festival.

ACCORD

Accord, April 5—Mrs. Leslie Auer, chairman of the March of Dimes campaign, has reported a total collection of \$217.50.

Mrs. William Osterhout was taken to the Kingston Hospital Monday.

Quiet Time at Y.M.

There will be no activities at the Y.M.C.A. between the hours of 12 noon and 3 p. m. on (Good Friday) as has been the practice in the past. All are urged to attend the various church services during those hours or spend a quiet period at the "Y".

Leaves From Boyle's Notebook

New York (AP)—Royal Toner has been throwing oysters in and out of beds for 40 years.

He doesn't do it for a laugh—it's his living. And it has given him a vast sympathy for people who raise century plants.

"Century plants must be the only things more trouble to grow than oysters," he said.

Toner, who operates a 6,000-acre Long Island bivalve ranch, spoke with deep feeling. Right now he has some 700,000 bushels of oysters in his beds.

Operating an oyster ranch is something like dry land farming, except you can't see your crops. And it is something like running an underground hotel, except the guests stay longer and are more tricky.

"You get them at birth and you have to switch them to different beds three or four times," said Toner grimly. "Each time you have to dredge them up and plant them in deeper water. And they don't shell out a profit until they're five or six years old and ready for market. All that time your money's tied up."

You have to take more care of them than you do with children, too. A man can let his kids go swimming at Coney Island, for example, but he couldn't grow oysters there.

"The bacterial count is too high," Toner explained. "The state wouldn't allow oyster beds that close to polluted areas. It's even stricter about oyster raising than about dairy farming."

The time every oyster rancher dreads most is the summer

spawning time. For a few days after birth, until they settle and anchor on bits of old shell thrown on the shallow bottom, the young oysters are free-swimming larvae. They look like tadpoles under a microscope.

"We're as nervous as expectant fathers then," said Toner. "Any storm or sudden cold snap can wipe out our whole year's set—the cash money we'll be counting on five years later."

A big storm even churns up sand and smothers the older oysters. The 1938 hurricane was the worst thing that ever hit our business. It not only lifted up our packing plant and dropped it down a kindling wood. It cost us about a quarter million bushels of oysters."

Change Big Blow

An even bigger blow to the \$70,000,000 a year industry was the change in eating habits that took place when Americans started ordering fresh fruit cocktail as appetizers instead of "half a dozen on the half shell."

"It is easier to cut a grapefruit in half than an oyster," admitted the rancher. But a self-shucking oyster isn't necessarily the answer.

"The business is coming back now—everything moves in circles," said Toner. "Do you know the Chinese raised oysters 5,000 years ago? Julius Caesar sent oysters packed in snow all the way from Britain to Rome."

"The Chinese and Romans weren't dumb. They knew what was good for them. To get the most food value out of anything you have to eat it all. And what one animal do people eat entirely today? Only the oyster. It has everything you need."

This seemed a good point to ask Toner a question that I've heard discussed often.

"You know what people say about oysters—is it really true?" I asked.

"Yes, it is quite true," he smiled. "You do sometimes find pearls in them."

"You have about a million to one chance. At least we did find two pearls in a test of two million oysters at our plant. But pearls from oysters in this area aren't of any great value. Too much calcium in them. They don't buff well."

(Tomorrow: Are oysters a greater menace than the atom bomb?)

FRECKLES AND HIS FRIENDS

ALL DOLLED UP

By Merrill Blosser

As Pegler Sees It

He had no legal or moral obligation to pay for her parties.

This is not a small matter financially. Mrs. Nesbitt wrote these were "house guests by the hundred, visitors by the million."

In 1937, "by April, we had entertained 10,000." One entry in her diary that spring said, "Fifteen hundred Monday, 1,000 yesterday, 2,000 today. Mrs. Roosevelt breezed through these affairs."

She says a "typical letter" from Eleanor read, "Friday, 12 girls and Miss Dickerman, Miss Cook and Miss Goodwin will arrive. They shacked up all over the White House and they were all guests of Eleanor Roosevelt. Their visit was of no conceivable public service, importance or value."

"Yes, the Roosevelts were simple enough," says the housekeeper. "If only the guests would get out. Every hook and cranny was filled with them."

Elliot, Jimmie and Eleanor herself used the White House as a business headquarters to pro-

note their adventures and the old man joined in the game of throwing suckers or trying to, as John Hartford, David Smart and Bill Blackett have stated without contradiction.

A prominent banker who withheld his name from publication related that Roosevelt called him in and tried to persuade him to organize a swindle for one of his boys. Roosevelt was surprised but not embarrassed to be told that he would violate the S.E.C. law. The banker was one of those who were "contaminated," ostensibly in the public interest.

The people of the United States have no duty to maintain a mansion for any such goings on. In fact, they have no duty to provide any quarters whatever for the President.

The provision and maintenance of the White House plainly is a violation of the constitutional provisions and verbiage concerning the President's pay. But if it is to be formally decided thus to extend the Constitution to that extent, the President's house should be a modest, comfortable dwelling. His servants should be paid by the proper department.

preferably a new civilian quarters master established for that purpose, and the official entertainment should be strictly official.

years of age. The total represented an average of 634 arrests each day, the State Correction Department said last night. The 1,981 arrests compared with 1,880 in February, a 5.3 per cent increase.

There were 21 arrests for homicide and 99 for rape.

Fourth Was Under 21

Albany, N. Y., April 6 (AP)—One-fourth of the 1,981 persons arrested for major crimes in New York state last month were under 21.

Sex Criminal Treatment

Chicago (AP) — The American Municipal Association says cities need better facilities for examining and treating persons accused of sex crimes. The organization looked over facts gathered in 30 cities, and commented: "Recent sex crimes have spurred several cities and states toward more effective means to cope with sex offenders. Surveys and studies are under way or have been com-

pleted in St. Louis, Oklahoma City and Seattle. Bills strengthening sex crime laws have been introduced in several legislatures. Chicago, Detroit and St. Louis reported they have clinics for diagnosis and treatment of persons arrested for sex crimes. Other cities, generally, make some provisions for special care of sex crime defendants, but clinical facilities for treatment are inadequate in most."

Britain to Start 3rd Atomic Works

Washington, April 5 (AP) — American officials were reported today to be urging Great Britain to concentrate its atomic projects on turning out nuclear engines, leaving bomb-making to the United States.

The British Ministry of Supply disclosed yesterday that construction will begin soon on Britain's third atomic works. A spokesman said it will be a huge enterprise, requiring several years to build. While there was no public indication that this project would be concerned with developing nuclear engines, Congressional sources pointed out that a similar length of time is being required to build reactors in Idaho aimed at producing atomic power plants for submarines and airplanes. It was understood that American officials have made it clear in U. S. Britain and Canadian atomic discussions that they believe the United States is in the best strategic and production position to continue to make atomic bombs and to develop the hydrogen bomb. The British, on the other hand, were credited with great ability in the development of engines. It was argued that the partnership could progress best with each nation concentrating major efforts on a particular field.

Do You Remember

by SOPHIE MILLER

One of my old timers, Mrs. M. from Broadway, after Mr. Garrison's article appeared on the tanneries, said she remembered one down near Wilbur. It was owned by a Thomas Southwick. There was also a residence nearby which was also owned by Mr. Southwick and in which Mrs. M. lived. It was called The Tannery House. There was a pond nearby and she remembered it to be called Tannery Brook. There was also an Old Grist Mill near Wilbur School No. 1. Who of the Wilbur section remember more about this old grist mill, and tannery?

After having seen an article on the visit to Kingston at General Sharpe's residence of President of the U. S. Chester A. Arthur, I received a call from Mr. Swart. He said he remembered the visit of the President of the United States very well. It was around 1884. Mr. Swart was in the Flatbush Cornet Band and they were called to play at Lake Katrine for a political meeting. Then they were asked to come to Kingston and serenade President Arthur at General Sharpe's residence. Mr. Swart said, President Arthur came out on the veranda and said a few pleasant words to the enthusiastic gathering outside. Mr. Swart played a first tenor cornet in the band.

Met several ladies running a rummage sale at Delamater's store on lower Broadway. One lady said I had mentioned her grandfather in connection with a Marbletown Church and she had saved the item. She also said folks out there enjoyed the stories about John Bell Crispell, the little genius, with the long beard, who it was said gave advice how the Gen. Sharpe Mansion was to be moved. As I read along in the old news clipping I realized that through General Sharpe, famous people were brought to Kingston such as General and Mrs. I. Grant and President Arthur, which I have mentioned in this column. I think more should be known about General Sharpe, especially by our young students of history as he links Kingston with the historical celebrities of the 1880's, whom they are studying.

With much bickering going on about trains taken off the West Shore now, do you remember the \$2 round trip excursions to New York city Sundays. One had to be quick and early those Sundays or you couldn't get a seat. I remember Fall Sundays, Easter Sundays, and during the World's Fair year, the West Shore had plenty of customers from Kingston. I'm just wondering if again they were to run that type of excursions if they wouldn't again get trains full of customers. Well they can try and see.

Perhaps others can remember back to June 25th, of 1883 when "The Kaaterskill" paper of the famous Hotel Kaaterskill, given to me by E. Beardsley of Lucas avenue, wrote about the opening of the West Shore Railroad to Kingston, thus giving a through all-rail route to the Kaaterskill from New York city and the south. The officers and directors went over the road in a special train, and found the line in splendid condition. All the modern improvements had been applied in the building of this road. For the present, until the depot of the West Shore road at Weehawken is completed, the terminus of this road will be at the Pennsylvania Railroad station in Jersey City. This will be one of the greatest conveniences to Philadelphia, Baltimore and Washington passengers, as the only change which it will be necessary for them to make before reaching the mountains will be in the Pennsylvania depot, Jersey City. The West Shore R. R. will run two special Kaaterskill expresses, with through parlor cars, via the Ulster and Delaware R. R., Stony Clove and Kaaterskill R. R. from Kingston. Such was the service in those days. I'm just wondering what will take the place of autos in years to come, perhaps fast boats along the river. Who knows.

About 120,000,000 pounds of crabs are caught in American waters each year.

Driscoll Has Tough Time With Party Over His 'Musts'

Trenton, N. J., April 6 (AP)—Governor Driscoll's relations with his Republican majority in both Houses were at a low ebb today. Bills he advanced as "musts" if a special session is to be averted slowed with few exceptions to a standstill yesterday in a day of long G.O.P. caucuses, hurried meetings of administration and legislative leaders, and considerable confusion.

The administration bill to re-vamp state investment procedure met unexpected resistance in the Assembly G.O.P. caucus, and was laid over until next Monday when both Houses reconvene for what had been planned as their final week of work. Principal objection was that the measure was introduced only this week and required more study.

No attempt was made in the Assembly to advance a standby rent control measure approved by the Senate with many amendments. The Assembly-approved Faulk-

ner municipal reorganization program got nowhere in the Senate G.O.P. caucus, and a decision on a host of proposed changes was delayed. The controversial truck bill was amended to reduce maximum weight cuts which passed the Assembly.

It was advanced for Senate passage Monday along with a 94 hike in jobless pay and sickness benefits.

Procedure Muddled
Senate procedure was muddled when several bills not yet before the members in printed form were moved for final passage only to be called back when the Democratic minority objected it did not know what they contained. For some time, an official copy of the truck bill could not be located to amend it.

Driscoll, suffering from a heavy cold, left for his Haddonfield home before an extended night session. He ordered all engagements cancelled, and said he would probably remain home until Monday.

His aides said they were at a loss to explain the sharp undercurrent of anti-Driscoll talk that swept both Houses, but predicted it would disappear by next week. None of the lawmakers would comment for the record on the sudden upsurge of resistance to the governor as he went into the third month of a new four-year term. Privately, many legislators said they resented what they called "the whip" of a special session threat, withholding of promised patronage, and pressure from the executive department on administration bills.

At an afternoon news conference, Driscoll said he did not think the Legislature was ready to adjourn, but legislative leaders said they would persist in their plan to meet Monday, Wednesday and Friday next week and then quit.

Fabric Makes Its Bow

New York, April 6 (AP)—A new fabric—named orlon and possessing many of the characteristics of nylon—has made its bow. The latest addition to the textile trade, created by the du Pont interests, was shown yesterday at the annual trades exhibition of the American Institute of Decorators. The orlon was made into a soft, silky casement curtain fabric in jacquard weave, manufactured by Cheney Brothers. The sponsors claim it is easy to wash, dries quickly, needs no ironing, resists mildew and moths, and is virtually impossible to wear out. Although

Lattimore Says

my attorneys at the earliest possible moment."

He's No 'Architect'

Of McCarthy's description of Lattimore as the architect of this country's Far Eastern policy—a policy McCarthy regards as disastrous—Lattimore declared:

"The fact is that I have never held a position in the United States government in which I could make policy. The fact is that I have been very little consulted by those who do make policy—before Pearl Harbor, during the war or since the war."

"I think I can fairly claim—with great regret—that I am the least consulted man of all those who have a public reputation in this country as specialists on the Far East."

"The last chapters of my book, 'Solution in Asia,' published in 1949, a few months before the end of the war, are a crowded catalogue of unaccepted recommendations."

Discussing his own views on China and the Far East—views McCarthy has said follow the Communist line, Lattimore said:

"It is possible for people, including officials of the United States government, to oppose further aid to the Nationalist government of China without being disloyal to the United States, or pro-Communist."

No Monopoly, He Says

Lattimore declared, too, that those "who are engaged in violent propaganda for all-out aid to the Nationalist government in Formosa and to Generalissimo Chiang Kai-shek do not have a monopoly of opposition to Communism."

Lattimore said the one sure way to destroy freedom of speech and the free expression of ideas and views "is to attach to that freedom the penalty of abuse and vilification."

Lattimore recalled that McCarthy first described him to newsmen as "the top Russian espionage agent in the United States."

In his later speech to the Senate, Lattimore continued, McCarthy "showed that he was getting a bad case of weak knees" because "the worst charge that he falsely made against me was that I was one of the top Communist agents in this country."

"You will note that I was merely one among many, and that I no longer was guilty of espionage."

"Indeed, he suggested that maybe the best way to describe me was as a 'bad policy risk'."

and the poor fellow ended up . . . by saying that 'I fear in the case of Lattimore, I may have perhaps placed too much stress on the question of whether or not he has been an espionage agent.'"

"Now I can understand why the senator wants to wobble, particularly in view of his travels—but I fear insincere—statements that he would stand or fall on my case and that he would repeat his statements in an unprivileged forum or would resign."

"But I think I would be the instrument of a great service to the country if the senator should resign."

Knowland Criticizes

Even as Lattimore was putting the finishing touches to his reply, he was the target of sharp new criticism in Congress.

Senator Knowland (R-Calif.) asserted in a statement last night that Lattimore "consistently and insistently has played an important part in undermining the republic of China." Early this morning Knowland delivered a speech on the Senate floor, saying what he had written in the statement.

Knowland also demanded a thorough revision of the way the subcommittee has been running the inquiry, and said the country will not be satisfied unless the public gets all the facts.

He would have preferred, he said, an inquiry along the lines of that conducted by the Canadian Royal Commission in 1945. That commission broke up a Communist spy ring.

"If the United States has been on notice since the Canadian spy inquiry that the Soviet Union has been trying to get secrets," the senator said.

Two Leaders Are

knew of no reason why anyone would want to kill him but that he himself had only talked to Charles a couple of times in the last 18 months. He was released.

Collins said police first would trace movements of Binaggio and Gargotta last night. He pointed out Binaggio, who rose to his greatest political power in 1948 by supporting Governor Forrest Smith for election, seldom went into the downtown area after dark.

Police detectives said it seemed apparent Binaggio and Gargotta had met with at least one other person and probably more at the club—persons they knew and did not fear. Otherwise, they said, both probably would have gone armed.

Boy, 8, Confesses Starting Blaze in Lumber Company

Wilmington, Del., April 6 (AP)—

An eight-year-old boy has admitted he accidentally started a \$750,000 fire that destroyed a lumber yard and 18 homes Sunday night, Police Chief Harvey J. Wadman reported.

Wadman said yesterday the boy told him he decided to imitate torch-carrying Indians he had seen in cowboy movies. The youngster—a Negro—was quoted as saying he soaked a discarded broom in kerosene, then ignited it.

The broom blazed immediately, frightening the boy. He dropped it in a pile of straw and the flames spread rapidly.

The police chief said the boy tried to put out the fire with a bucket of water but it spread too quickly, and the scared youngster ran home.

Wadman said he will confer with Judge Ellwood Melson, of the family court, to determine what action—if any—would be taken against the child.

The boy's name was not disclosed.

driven beyond Saugerties and was on its way back toward Kingston when the sheriff's men saw it. They went after it and State Troopers H. Rasmussen and H. J. McCortney, of Lake Katrine joined the chase while Officers Thomas Tomshaw and George Loughran, of the local police, waited on Albany avenue extension.

The sheriff's men and the state police overtook the car near Cypress Inn, Albany avenue extension and the youth was arrested on a charge of juvenile delinquency.

Late Bulletin

Rio De Janeiro, Brazil, April 6 (AP)—

An estimated 100 persons were killed today when a train jammed with Easter holiday travelers spilled into the angry flood waters of the Indian river from a collapsing bridge.

First reports said 200 or more were injured when the bridge collapsed, hurling the locomotive, baggage car and four coaches of the 28-coach train into the cold swirling waters in pitch darkness.

Good Friday Not Holiday for Banks

All Kingston banks will be open during their regular hours tomorrow, Good Friday.

Banks which normally observe Friday evening hours reported today they will be open as usual in the evening, as well as during the day. They are: Kingston Savings Bank, National Ulster County Bank of Kingston, State of New York National Bank, Ulster County Savings Institution and the Savings and Loan Association of Kingston.

The other banks, which do not maintain Friday evening hours but will be open during their regular daytime hours are: Homeowners' Savings and Loan Association, Kingston Trust Company, Rondout National Bank and Rondout Savings Bank.

Brickyards Operate After Winter Layoff

Area brickyards are operating "full swing" again after winter shutdowns.

The Hutton Company, which has maintained their normal shift continuously during the winter except for a two-week period, has added a second, or afternoon, shift.

The East Kingston Brick Company, Inc., about two weeks ago began gradually employing men in both plants, and now has about 150 working.

The Terry Brick Corporation and its subsidiary, the Star Brick Company, also reported today to be operating in full swing.

Bixby Will Address County Engineers

The next regular meeting of the Ulster County Chapter, New York State Society of Professional Engineers, will be held at the Kingston City Laboratory, 400 Broadway, on Tuesday, April 11, at 8 p. m.

The meeting will be addressed by James S. Bixby, district engineer, State Department of Public Works. His subject will be "The Thruway and Ulster County Highways." Those interested in the subject are welcome to attend.

Supervisors to Meet

A meeting of the Ulster County Board of Supervisors will be held at 8 o'clock Friday evening at the court house.

Lenten Services

the fire apparently was put out several minutes before the explosion shattered the Marshall Mars. He did not elaborate.

The huge flying boat, holder of the world passenger cargo record of 301 persons and crew of seven, had developed engine trouble Tuesday. A new engine was installed and the crew took it out yesterday for a test run. Then it was scheduled to take 40 passengers to Alameda, Calif.

Fire broke out about one mile off Ketchikan, the old Clipper bus between Honolulu and Pearl Harbor. The pilot nosed it around a 1,000 feet and brought it down.

Crash in 1945

This was not the first major accident involving a Mars flying boat. One of the huge planes disintegrated in the air off Annapolis in 1945.

In 1945 the 72½ ton Hawaii Mars crashed into the Chesapeake Bay near Annapolis only two weeks after it was launched at the Glenn L. Martin plant near Baltimore.

The plane nosed crazily toward the water after a portion of the vertical fin broke off at 6,000 feet. The pilot crash-landed her into the bay at 125 miles an hour. The ship sank in a matter of minutes. One member of the 10-man test crew was injured.

The ship was raised, but later was scrapped.

The seven crewmen who escaped from the Marshall Mars were cheerful.

Judging from light-hearted comments—issued through the navy's public information office—their hairbreadth escape was hardly more exciting than a good fireworks display.

Kingston Man Held After Accident

An automobile driven by Palmer M. Broadhead, 37 of 89 Clinton avenue left the north side of Route 209 about one mile east of New Paltz Wednesday afternoon and sideswiped a utility pole, state police at Highland reported.

Broadhead was arrested by the troopers on a charge of driving a motor vehicle while intoxicated and was arraigned before Justice of the Peace J. C. Barnes of New Paltz, who set the hearing for Friday.

The automobile was considerably damaged, but Broadhead suffered no apparent injuries, troopers said.

Search Is Called Off

New York, April 6 (AP)—A fruit-six-hour search in the Atlantic for a man missing from a British ship was called off early today.

The coast guard said no trace has been found of the man, believed to have fallen overboard yesterday from the SS City of Perth, a 7,500-ton British flag cargo vessel.

The search centered in an area about five miles southeast of Block Island where the ship reported the man disappeared in "thick weather." Radio reports did not identify him. The ship was en route from Boston to Philadelphia.

First formal flag raising in what is now Idaho was held at Fort Hall near Pocatello, in 1834.

Says He Loves Bette

Hollywood, April 6 (AP)—Bill Sherry, 35-year-old third husband of Bette Davis, says he will fight his wife's plans for divorce.

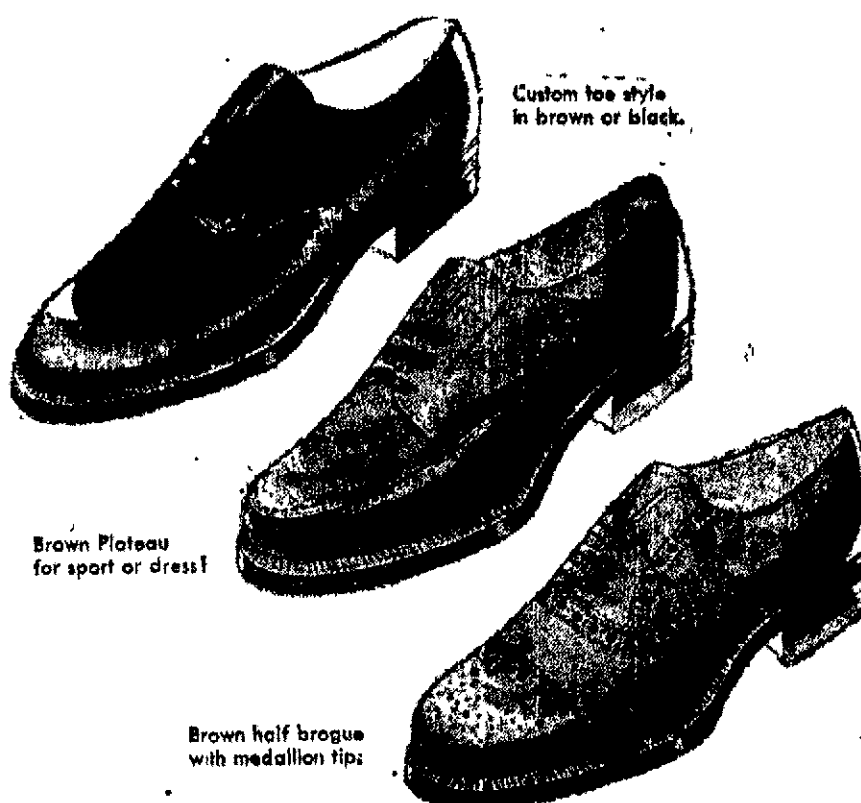

"I still love her," said the painter and ex-pugilist. Miss Davis, 42, told Attorney Jerry Ochsler to go ahead with the divorce suit after Sherry became involved in a disturbance Monday night at a studio birthday party for the actress to which he had not been invited. She filed the suit last October, charging cruelty, but they were reconciled after he promised to watch his temper.

Christians to Help On Jewish Drive

N. B. Gross, local chairman of the 1950 United Jewish Appeal campaign, today announced that in an action unprecedented in the history of the United Jewish Appeal a group of outstanding American Christian personalities, including Secretary of Agriculture Charles F. Brannan, Secretary of the Interior Oscar Chapman, Secretary of Labor Maurice Tobin, Mrs. Franklin D. Roosevelt, Senator Robert A. Taft, Mr. J. Borden Hartsman, a former U. S. minister to Norway, William Green of the A. F. of L., Philip Murray of the C. I. O., and many other persons will hold an extraordinary national conference in Washington on April 15 and 16 to map plans for enlisting the support of the total American community in the 1950 campaign.

Among the prominent figures who are associated with the National Christian Committee of the United Jewish Appeal are Gen. Lucius D. Clay, W. Averell Harriman, Sumner Welles, Winthrop W. Aldrich, Marshall Field, John Hay Whitney, Spyros P. Skouras, and many members of Congress and more than twenty-five governors.

The United Jewish Appeal, the largest voluntary philanthropic agency in the world, is currently engaged in a nationwide drive to raise funds to meet the 1950 budgets of its three constituent agencies—which total \$272,455,800.

These agencies are: 1. the United Palestine Appeal, which provides for the reception, care, settlement and integration of homeless Jews brought to Israel; 2. the Joint Distribution Committee, which makes possible the emigration of Jewish refugees from Europe and North Africa, who are resettled in Israel and the United States. The J. D. C. also provides direct relief, medical care and rehabilitative assistance to needy Jews in Europe and the Moslem areas; 3. the United Service for New Americans, which carries on a program of reception, relief and absorption services for refugees reaching the United States.

McKENNEY ON BRIDGE Good Opening Lead Can Do Damage

By WILLIAM E. McKENNEY America's Card Authority Written for NEA Service

The keen study of opening leads is characteristic of every good bridge player. An automatic lead of the fourth from his longest and strongest suit, or the top of his partner's suit, is not for him. He considers every angle of the bidding before making his lead.

In today's hand West reasoned that North's bid and rebid of hearts showed a long suit, which might be established for declarer by an opening heart lead. South had bid spades, so a spade lead was out.

South's refusal to allow the contract to be played at hearts indicated strength in the minor suits. Undoubtedly the diamond

suit contained an in-card, and it certainly was likely that between his own hand and dummy, declarer held the ace and queen of clubs.

Clubs looked like the natural suit for West to open, but what card should he lead? Any club lead would give declarer two club tricks unless dummy held the blank queen, or the ace and one. In either case the lead of the king of clubs would be the right play. With the blank queen in dummy, West's club suit would be established immediately. If dummy held the ace and one, the suit would be killed and that might prevent declarer from establishing the heart suit.

On this theory West led the king of clubs and you can see what it did to the hand. South was unable to get into dummy to cash the long heart after the suit was established. Instead of making four odd, his contract was defeated one trick.

Downtown Community
The traditional downtown community service for Good Friday will be held Friday from 1 to 3 p. m. at Trinity Methodist Church, corner of Wurts and Hunter streets, the Rev. Ivan F. Gosso, minister, has announced.

Participating churches will be the Reformed Church of the Comforter, St. Mark's A.M.E. Church, St. Paul's Evangelical Lutheran, Trinity Methodist, Ponckhockie Congregational, Port Ewen Reformed and Port Jervis Methodist.

The order of worship, based on the Seven Last Words from the Cross, with appropriate special music, follows:

Organ prelude, Processional to Calvary, Stained, Charles Z. Shultz, organist; call to worship, invocation, minister and

Buddy Jones, baritone; Calvary by Rodney, the Third Word, "Behold Thy Son, Behold Thy Mother"; meditation, the Rev. Ervin W. Gietz; the Fourth Word, "My God, My God, Why Hast Thou Forsaken Me?"; meditation, the Rev. Harry E. Christians; solo, There Is a Green Hill Far Away, Gounod, by Mrs. Henry Terpening, soprano; the Fifth Word, "Thou Thirst"; meditation, the Rev. Fred W. Stine; duet, In the Cross of Christ I Glory, Frev, by Mrs. Terpening and Mr. Jones; the Seventh Word, "Father, Into Thy Hands I Commend My Spirit"; meditation, the Rev. Frederic E. Williams; organ postlude, Solemn March, Paulke.

The sanctuary of Trinity Methodist Church will be opened at 12 noon for meditation and prayer. The public is cordially invited.

St. James Church
The traditional Holy Week candlelight communion service will be held tonight at 7:30 o'clock in St. James Methodist Church. A brief meditation, "The Light of This Dark World," will be presented by the pastor, the Rev. Merrill C. Johnson. New members will be received into the fellowship of St. James Church during this service.

The class of young people who have been studying with the pastor the meaning and purpose of church membership and who will be received into membership tonight include Miriam Haven, Edith Havens, Elaine Kimbark, Ellen Turner, Philip Bunting, Thomas Chase, Robert McNeer, Harry Osterhoudt and Richard Reina. In addition a number of adults will unite with the

church on confession of faith and by church letter.

Comforter Church
The annual Maundy Thursday communion service will be held tonight at 7:30 o'clock at the Reformed Church of the Comforter, Wynkoop Place. Reception of new members also will take place.

The Rev. Raymond J. Pontier, pastor, will deliver the communion meditation.

Special music for the service follows: Prelude, Prelude in G, Handel; Part 1, Penitence from cantata, Penitence, Pardon and Peace; soprano solo, Mrs. Eugene Kolls, Jr., offertory, Part 2, Pardon from same cantata; baritone solo, Bernard K. Burr and soprano solo by Mrs. Kolls, Jr. Postlude, Ave Maria, Arcadelt, Liszt.

Redeemer Church
The traditional Good Friday service of devotion and choral music is set for Friday at 7:45 p. m. at the Evangelical Lutheran Church of the Redeemer, Wurts and Rogers streets.

The service will open with a silent procession of choir and clergy through the darkened sanctuary into the chancel devoid of adornment in keeping with the observance of the death of Christ. Following the reading of the Good Friday lesson and prayers by the pastor, the Rev. David C. Gaiso, the senior choir, augmented by guest soloists and choir alumni returned from colleges for the holidays, will present the sacred cantata, "The Seven Last Words of Christ." Leonard Stine, choir-master, has announced that solo-

ists for the occasion will be Miss Harry Legg, John McCullough and James Halbert, Frederick Pichens will be at the organ.

Opening with a soprano solo on texts from the Old Testament books of Lamentations and Ruth, the Good Friday musical work by Th. DuBois presents the account of the crucifixion of Christ in seven parts. Each part is associated with one of the utterances of Jesus while on the cross. The cantata closes with an exquisite prayer, "Christ, we do all Adore Thee."

Visitors will be cordially welcomed at the service and the cantata will be broadcast over WKNY beginning at 8 p. m.

Immanuel Lutheran
The Lenten season will be brought to a close at Immanuel Evangelical Lutheran Church, Livingston street, with special services Maundy Thursday and Good Friday, the Rev. Ernest L. Witte, pastor, announced this morning.

Holy Communion will be served at the Maundy Thursday service at 8 p. m. The confessional service will be at 7:30 p. m. The Rev. Mr. Witte will speak on "Wending His Way Home." A new service has been added for Good Friday at 7 p. m. The preparatory service will be held at 8 p. m. and the traditional Good Friday service in German language will begin at 8:15 p. m. The pastor will preach on "You Know You Are Redeemed."

Union Wins Election
New York, April 6 (AP)—The C.I.O. International Union of Electrical Workers has won a smashing victory in a National Labor Relations Board election

over a union the C.I.O. ousted on the ground of Communist domination. The I.U.E. won 4,017 to 622 over the United Electrical Workers, independent since the C.I.O. set up the I.U.E. to replace it, it

was announced yesterday. The vote was among employees of the Sperry Gyroscope Company to pick a bargaining agent.

Census Home Spot For Five Counties Is State Armory

On the basement floor of the State Armory on Manor avenue is the nerve center for the 1950 census work in the five counties of Columbia, Dutchess, Greene, Schoharie and Ulster.

Here the work of 295 enumerators and 18 crew leaders is coordinated along carefully laid plans to prevent overlooking any man, woman or child in this 17th decennial count of the nation's population. Here, too, supplies are received and distributed, payroll records are kept and preliminary tabulations are made.

To make the census data as complete as possible, special arrangements have been made to enumerate inmates in every institution in the five counties. Hospitals, jails, homes for the aged and for dependent children, nursing and convalescent homes are all included.

Other plans have been made to make certain that all new-born infants are included in the count. Maps of enumeration districts have been prepared by the Census Bureau's geography division so that even the sparsely settled districts will be covered.

To date, this district has not received reports of any difficulties encountered by enumerators in reaching isolated residents. Since the census work started April 1, enumerators have concentrated on the areas of heaviest population. Once the bulk of the work is done, then the problem of contacting those in some of the Catskill mountains' relatively unsettled sections will be tackled.

John J. Carroll, supervisor for this district, is pleased with the cooperation extended the census crews by the public. "The wholehearted cooperation of the citizens in our district is most encouraging to me and the entire staff," he told The Freeman.

"Enumerators are reporting that the people are receiving them in the most cordial manner and are cooperating 100 per cent," he said.

350,000 Is Estimate

Best pre-census estimates of the populations in the five counties in this district place the total at about 350,000, or an increase of about 70,000 in the past 10 years. The 1940 census showed a total of 279,761 persons in the five counties, broken down as follows: Columbia, 41,464; Dutchess, 102,000; Greene, 50,000; Schoharie, 40,000; and Ulster, 36,300.

Without Painful Backache

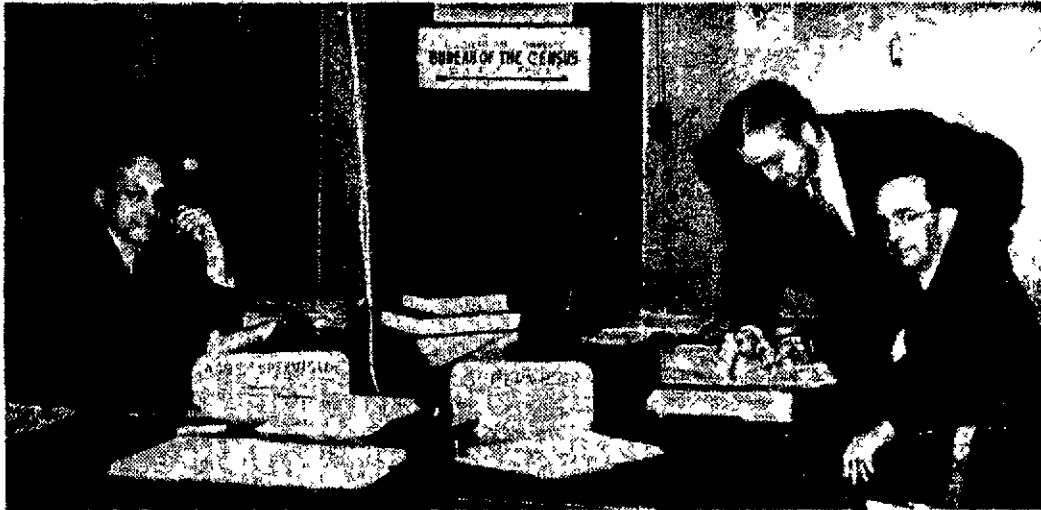

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slow down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritation due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's. It's a mild diuretic. Used successfully by millions for over 60 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste (let Doan's. This today!)

Lawyers Ask Veto Of Court Picketing

Albany, N. Y., April 5 (AP)—Governor Dewey has been asked by the New York State Bar Association to veto a bill that would ban picketing of trials in the state.

The association's committee on state legislation claims the measure violates constitutional guarantees of freedom of speech, press and assembly.

Democratic Assemblyman Thomas A. Duffy of Queens, who sponsored the bill, said it resulted from picketing at the Federal Court trial of 11 top Communists before Judge Harold R. Medina last year.

Under the bill, a person who

engages in picketing within 1,000 feet of a courthouse would be guilty of disorderly conduct. "Present laws are adequate to protect the courts from interruption and to protect the public from interference or violence," the Bar Association committee said.

Housewife Is Freed

New York, April 6 (AP)—A Brooklyn housewife who was tried twice on a charge of smuggling \$13,000 worth of diamonds was freed today. Both of the trial juries failed to reach a verdict. Federal Judge Harold M. Kennedy ordered the indictment dismissed yesterday. The housewife, Mrs. Lillian Hoeflich, 39, was arrested at New York International Airport last May 31 after diamonds totaling 106 carats were found in a suitcase she brought by plane from Amsterdam. Mrs. Hoeflich testified during her trials she received the suitcase from a relative in Israel. She said she didn't know the suitcase contained diamonds.

Street Battle Reported

Paris, April 6 (AP)—Communists and police battled for an hour in the Champs Elysees last night in the most bitter street clash Paris has seen since the end of the war. Police arrested 120 of the 1,500

demonstrators. Twenty of the 1,000 police who quelled the rioting were injured. Fighting broke out when a police cordon prevented a Communist demonstration called to protest publication of the diary of former S.S. Col. Otto Skorzeny in the Conservative newspaper De Figaro.

Will Probe Gambling

Washington, April 6 (AP)—The Senate Commerce Committee will start an investigation into the nation's organized gambling next week. In making the announcement late yesterday, the committee slipped in ahead of the Senate Judiciary group, which has been competing with it for authority to conduct the inquiry.

Today's Business Mirror

New York, April 6 (AP)—Some bankers are getting alarmed at part of the President's plan to reshuffle the executive offices. They see in it the attempt of the camel of socialism to get its nose under the tent of the national banking system.

Two bankers, representing the American Bankers Association, are going to Washington Tuesday to urge the Senate to block that part of the President's reorganization plan. It calls for the abolition of the separate comptroller of the currency, who monitors the national banking system, and the placing of his duties and powers in the hands of the secretary of the treasury.

The A.B.A. doesn't charge that this is the first step toward nationalization of the banking system, but a few of its members do. And A.B.A. does oppose the proposal and contends the nation's bank examiners should be kept free of control by other governmental agencies, particularly one with political ties, such as the secretary of the treasury is apt to have.

Some of the A.B.A.'s members go further and see in the proposed shift a threat to state banks also. Arthur T. Roth, president of the

Franklin National Bank at Franklin Square, Long Island, who is urging all bankers on to put pressure on the Senate says: "If the office of the comptroller of the currency is abolished the secretary of the treasury would take the comptroller's place on the three-man directorate of the Federal Deposit Insurance Corp. State banks are members of the F.D.I.C., and this dominating position of the secretary of the treasury would obviously give him great influence over the state banks as well as the national banks."

Objectives Are Similar

The objectives the President seeks in giving the comptroller's duties to the treasury are: Economy of operation, and elimination of overlapping functions.

The A.B.A. contends that neither objective would be achieved. First, the comptroller's office receives no appropriation from Congress and costs the taxpayer nothing. Its expenses are born out of the examination fees it charges national banks. Second, its examiners' reports are accepted by F.D.I.C. and also by the Federal Reserve Board. Therefore, there are no overlapping functions to be eliminated, in the bankers' opinion.

The fear of nationalization

stems from several things. As it is now, the comptroller is appointed for a five-year term, overlapping various administrations. The secretary of the treasury, of course, as a cabinet member is elected closely with whatever administration is in office. Since the comptroller gets no funds from Congress, although he reports directly to Congress, he can be free of political pressure from other government agencies. Some bankers think that future secretaries of the treasury might not be.

No More Powers Desired

Bankers know that the interest rates they charge are tied fairly closely to the interest rates the treasury sets on government securities. They don't want to see the secretary's powers over them further increased.

Among the comptroller's powers, which would thus pass to the secretary, bankers contend are: Chartering of national banks, approval of branch offices, approval of consolidations and of conversions of state banks into national banks, and power to determine solvency and appoint bank receivers. They charge that the reorganization plan could put these duties in the realm of politics.

"Not all bankers are fighting the plan. One reason is, Roth says, that some bankers think the shift of the comptroller's duties to the treasury is part of the Hoover Commission's reorganization plan, for which they have general enthusiasm. They dislike to appear to be opposing this plan, which has widespread popular appeal."

Roth tells the bankers that the Hoover Commission made no recommendation for changing the status of the comptroller's office, and that this idea is entirely separate, and was included in the President's proposal without benefit of the Hoover Commission's blessing.

The Senate Expenditures Committee is holding a hearing Tuesday on opposition to the proposal. Unless more than half (49) of the Senators vote to block the reor-

ganization, it automatically goes into effect by the middle of May.

To Draw Jurors

A panel of grand jurors will be drawn at the office of the county clerk on Saturday, April 15, at 10 a. m. They will serve at a grand jury and trial term of Supreme Court beginning May 1.

Cities Get Permission To Levy on Utilities

Albany, N. Y., April 6 (AP)—Cities had permanent authority today to levy a one per cent tax on the gross incomes of utility companies.

Governor Dewey signed a bill yesterday making permanent the taxing authority that has been granted since 1937 on an annual basis.

The last yearly extension had been scheduled to expire July 1. Action to make the permissive, local taxing authority permanent was recommended by State Comptroller Frank C. Moore's 16-member committee on local non-property taxes.

The committee also recommended that the same taxing power be extended to the state's 57 villages of 5,000 population or more. Such a bill was approved by the Legislature, but Dewey has not acted on it.

The governor also signed a bill giving the State Traffic Commission authority to regulate speed limits on urban arterial routes designated by the public works superintendent as part of the state highway system.

CREAMO ONLY MARGARINE WITH CREAM

5 to 1 choose Creamo in Taste-Test

A check of margarine brands confirms the report that only one margarine is made with cream. That margarine is Creamo. Margarine industry sales figures reveal Creamo Margarine's popularity has grown more rapidly than the average of all other brands combined since Creamo was made available for national distribution.

In tests against the most expensive type bread-spreads, school children chose Creamo Margarine 5 to 1. Tests like this prove Creamo's made-with-cream flavor is superior on bread and more delicious for frying, baking and seasoning other foods.

Users say Creamo's extra flavor goes farther, too.

Agrees to Pensions
New York, April 6 (AP)—The U. S. Rubber Company has agreed to provide a top pension of \$100 a month, including Social Security benefits, to retired workers. Other benefits also are included in a new union-management agreement. The company employs 33,000 workers at 19 plants in 11 states. The new pact was reached yesterday with the C.I.O. United Rubber Workers under a pension-reopening clause in the current contract, which runs until July 1, 1951. Terms are subject to ratification by union members and company stockholders.

Production of petroleum from U. S. public lands tripled between 1933 and 1948.

13,000 See First Night Performance Of Biggest Show

New York, April 6 (AP)—A Brooklyn bobby-soxer walked up to the steel-barred circus "cat" cage and gripped her girl friend by the elbow.

"Geeeee . . . lookit do koww-ger!"

Cougar or "kow-ger" (it was really a leopard). It was part of opening night for the "Greatest Show on Earth" at the traditional Manhattan premiere in Madison Square Garden.

Fresh from winter quarters in Florida, the Ringling Brothers and Barnum and Bailey Circus filled the big sports palace from basement sidehows to trapeze rigging lofts among the roof girders.

More than 13,000 New Yorkers, who'll run to a circus as fast as

any one else, flocked into the cavernous Garden last night to see what the "big one" has to offer this season.

After a month here, the show moves on to Boston, goes under canvas for the first time in Washington, and then zig-zags west to Denver and back to Miami for the November closing.

Nobody wants a circus to change much, and nobody will be disappointed. The 1950 model may have a high gloss polish, but it's still the same old circus.

Clowns, Cotton Candy. It has clowns and cotton candy, fancy hats and souvenir canes—and plenty of that good, rich elephant smell that spells out c-i-r-c-u-s for you with your eyes closed.

And those elephants, all 28 of them, will eat your peanuts as fast as ever. The sword-swallowers and the fat lady are back. So are the tallest man and smallest midget. And there are lions 'n' tigers 'n' everything—including cassowaries, hippopotami and gnus.

Also present was the ghost of Gargantua the Great.

The famous gorilla, the top attraction for 13 years, died last November.

In a nice gesture, the circus placed his air-conditioned cage, empty now, at the very center of the sidehows. Old friends came as they always had, this time to mourn and look at Gargantua's placid widow, M'Toto.

Stay to See Babies. They also stayed to see her two adopted babies, Gargantua II and Mlle. Toto. These little apes are in the play-pen stage, and have a big rubber ball and little red wagon to play with. The crowd felt a certain sadness. The gorillas were non-committal.

Upstairs, the 50 acts of the main show—17 of them new—stepped off briskly but still stretched over three hours.

The high moment belonged to Harold Alzans, chief of the high wire Alzans.

Whether he was playing to the crowd, or whether he suffered from opening night roughness, he had several partial slips 45 feet above the sawdust—and no net.

The last eight feet of his aerial bicycle ride with four girls stopped the crowd's breathing and brought an ominous warning to the cameraman over the loud-speaker—"no flashlights, please! No pictures!"

But he made it. And the sigh was like a big wind.

Strike Idleness Declines

As of March 25, a total of 2,880 workers were idle in 37 work stoppages in New York state, according to Industrial Commissioner Edward Corsi. In New York city, 26 stoppages involved 1,610 persons and in the remainder of the state, 1,270 were involved in 11 stoppages. The previous week 3,970 workers were idle in 37 stoppages.

There were about 6,800 ice plants in the U. S. in 1949, only four in 1869.

Would Let Them Quit

New York, April 6 (AP)—New York city's hospital commissioner says he knows the city's hospitals are overcrowded, and that if some nurses want to quit because of this, let them quit. The commissioner, Dr. Marcus D. Kogel, said yesterday that "everything humanly possible is being done to alleviate congestion in the municipal institutions." Commenting on reports that mass resignations of nurses were threatened at Bellevue Hospital unless conditions there were improved, Kogel said: "If this group wants to walk out,

we'll welcome their resignations. I'm tired of being threatened constantly."

Mrs. Ida Rogers, wife of the late Frank L. Rogers, died on Wednesday evening following a brief illness. She was born in this city, a daughter of the late Casper and Katherine M. Schick, and is survived by two sisters, Miss Mary E. Schick and Mrs. Kate

Heisner at home, and several nieces and nephews. Mrs. Rogers was a member of Trinity Lutheran Church all her life and was held in high regard by a large circle of friends in this city. Funeral will be held from the late home, 545 Abel street, Saturday afternoon at 2:30 o'clock. Relatives and friends are invited to attend. Burial will be in the family plot in Montrose Cemetery.

Mrs. Eleanor Stadnick Nika of 115 Second avenue died today in Kingston following a protracted illness. She was born in Poland the daughter of John and Petronella Stadnick. She was a member of the Immaculate Conception Church. Mrs. Nika is survived by a son, Carl J. Nika; a brother, Peter Stadnick, Brooklyn; two sisters, Mrs. Peter Darwak, Kingston; Mrs. Mary Dzik, Irvington, N. J. Her husband, Walter Nika, died a number of years ago. The funeral will be held from the Henry J. Bruck Funeral Home, 27 Smith avenue, Saturday at 1 p. m., thence to the Immaculate Conception Church where the absolute and blessing will be given at 1:30 p. m. Burial will be in the Mt. Calvary Cemetery. A high Mass of requiem will be offered for the repose of her soul at the Immaculate Conception Church Monday at 8 a. m.

The funeral of Josephine Petrano was held from the M. A. Galletta Funeral Home Wednesday at 9:30 a. m., thence to St. Mary's Church where a solemn

requiem Mass was offered for the repose of her soul by the Rt. Rev. Msgr. Martin J. Drury. The Rev. John A. Flaherty was deacon and the Rev. Edward I. Farrelly, subdeacon. Responses to the Mass were sung by the children's choir, assisted at the organ by Theodore Riccobono. Tuesday Msgr. Drury called at the funeral home and offered prayers for the dead. Father Flaherty also visited and led the assembled relatives and friends in recitation of the Rosary. There were many beautiful floral pieces and spiritual bouquets in the form of Mass cards. Bearers were Julius Albertini, Frank Naccarato, Thomas Turck, Donald McGowan, Michael Turck and Peter Weider. Burial was in St. Mary's Cemetery where Father Farrelly pronounced the final absolution.

Funeral services of Mrs. Ruth A. Burhans were held Wednesday afternoon from the late residence at Flatbush. The services were largely attended by relatives and friends and the floral tributes were numerous and beautiful. The Rev. Herbert Klinger and the Rev. John B. Stokettes officiated. Bearers were Kenneth and Harry Frazier, Harry Burhans, Albert Woolsey, Floyd Crantek and Ernest Sutton, all relatives of deceased. Burial was in Mountain View Cemetery, Saugerties.

Funeral services for Fred Letham who died suddenly Sunday night at his home in Brooklyn

were held Wednesday at 2 p. m. from the George J. Moylan Funeral Home, Main street, Rosendale conducted by the Rev. Albert H. Shultz, pastor of the Rosendale Reformed Church. Many friends and relatives called at the funeral home to pay respects and to offer condolences to the bereaved family. The numerous floral offerings, banking the casket testified to the high esteem in which he was held. Burial took place in the family plot in Fairview Cemetery, Stone Ridge, where the Rev. Mr. Shultz conducted the committal service.

Quebec, because of its strategic position, sometimes is referred to as the "Gibraltar of America."

Easter Hams Are Cheaper, Eggs Slightly Lower; Turkey Down

Easter menu planners will find ham prices slashed two to eight cents a pound this week and selling at around eight cents cheaper than a year ago in most stores.

Another Easter special—top grade eggs—also were trimmed in some places, but usually only by a cent or two a dozen. Retail egg prices were well below a year ago, however—as much as 50 per cent lower in a few sections of the country.

With the exception of ham, meat prices were little changed from last week.

Frying, broiling and roasting chickens also were about steady and many stores were featuring turkey, whose prices averaged about 25 cents a pound below last year because of large storage stocks available.

Lamb was less expensive than at Easter time last year when prices were close to record highs. But it continued scarce and the cost spread between lamb and other meats was so wide that many butchers considered it a specialty item and required advance orders from customers.

The price trend in fresh vegetables was mostly downward as receipts of early crops increased. Asparagus, snap beans, green corn, lettuce, peas, peppers, potatoes and spinach all were a little lower in most stores.

Prices Edge Upward

Warmer weather helped boost demand for strawberries, now mostly from Louisiana, and tomatoes and new cabbage, and their prices edged upward. Cantaloupes from Mexico were reported in lively demand. Carrots and cauliflower also were somewhat higher.

Truck gardens in the Carolinas were speeding heavier shipments of spring items like mustard greens, radishes, beets and beet tops.

The Agriculture Department headlined pork, pork products, canned corn and onions on its most-plentiful-foods list for this week. It said onions are headed for market in such abundance this spring that special efforts will be made to increase consumption. Large stocks of canned corn still crowd market shelves from the extra-large pack canned after last summer's record sweet corn harvest for processing.

Sees Decline Ahead

Paul S. Willis, president of the

Grocery Manufacturers of America, said this week that retail food prices probably would continue their slow but steady decline during the next three months.

"As evidence of the slow rate of decline that can be expected, it can be pointed out that retail food prices in general have declined about 3 per cent in a gradual manner during the past year," he told newsmen following a series of conferences of the association's merchandising committee. The G.M.A. represents hundreds of the nation's leading food producers.

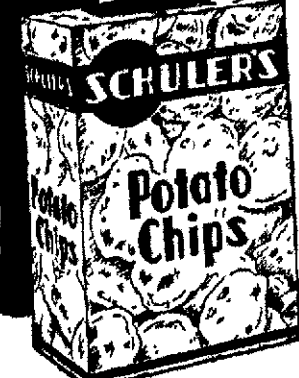

The Dun & Bradstreet wholesale food price index took its sharpest drop of the year this week, declining to \$5.75 from \$5.79 last week. The new level was the lowest since early January, and 7 per cent below a year ago. Only five index foods advanced in wholesale price, against 14 declines. The index represents the total wholesale cost of a pound each of 31 foods in general use.

School Radio Program

O.E.S. to Entertain Grand Officers

The grand matron and grand patron of Grand Chapter, Order of Eastern Star, State of New York, will pay an official visit to Greene-Elster District on Thursday April 13, in Catskill.

The meeting is to be held in Catskill High School, preceded by

a banquet in the Saulpaugh Hotel. Mrs. Robert Hudler is in charge of reservations locally. Her phone is 3285.

Officers from the grand staff will be present at the meeting and banquet with Grand Matron Jennie M. Lord and Grand Patron Edward L. Hargrave.

Sour milk can be made for recipes by adding two tablespoons of vinegar to each cup of sweet milk.

Search for Isle of Peace

As there is an Isle where one can find a sense of peace and unhurried mind. When one is troubled from extreme sorrow. One can anticipate a new tomorrow. To find this refuge would be a haven for those like a raven. I would bring no contentment. I would no more roam. To myself, I'd say, at last I've come home.

Two Reported Killed

Kansas City, April 6 (AP)—Charles Binaggio, Kansas City political figure, and another man were reported shot to death early today in an east side Democratic club. Police said both men had been shot through the head. Identification of the second man had not been established. Binaggio was a leader of one faction of the late Tom Pendergast's political organization.

Stains made from medicines often can be removed with hot water or wood or denatured alcohol.

EAT WELL for Less

TRY THIS FINE EASTER DESSERT

GLOSSY CHOCOLATE CAKE, accompanied by fresh pineapple, is the ideal topper for your Easter dinner.

By GAYNOR MADDIX
NEA Staff Writer

For Easter dessert—rich glossy chocolate cake served with fresh pineapple.

The pineapple can be cubed and served in crystal cups, or sliced lengthwise, with a few spines on the end of each slice to use as handle, and dusted with powdered sugar. For a de luxe dessert, cut off top of pineapple, scoop out all the inside, combine pineapple flesh with pineapple or lemon

sherbet, and put back into pineapple shell. Return top.

Chocolate Easter Cake

Two cups sifted cake flour, 1 teaspoon baking soda, 1/2 teaspoon salt, 1/4 cup vinegar, 1/2 cup milk, 1 teaspoon vanilla, 2 eggs, 1 1/2 cups sugar, 1/2 cup shortening, 3 squares chocolate, melted.

Set oven at 350 degrees F. Line two 8-inch layer pans, 1 1/4 inches deep, with waxed paper. Grease waxed paper lightly. Sift cake flour onto a piece of waxed paper. Measure 2 cups. Place in sifter. Add baking soda and salt. Set aside. Mix together vinegar, milk and vanilla. Set aside.

Put eggs and sugar in large mixing bowl. Beat for one minute, about 125 strokes. Sift in flour mixture. Add shortening and one-half of milk mixture. Stir until flour is moistened. Beat vigorously one minute. Add remaining liquid and chocolate. Beat one minute. Turn into prepared pans. Bake at 350 degrees F. 30 minutes.

Cool in pans on wire rack about 10 minutes. Turn out on cake racks and remove paper. When cold, brush off crumbs. Place one layer on cake plate bottom side up. Spread with Glossy Chocolate Frosting. Cover with a second layer top side up. Frost sides, then top of cake.

Glossy Chocolate Frosting
Three squares unsweetened chocolate, 1 1/2 cups sifted confectioners' sugar, 2 1/2 tablespoons hot water, 3 egg yolks, 4 tablespoons butter.

Melt chocolate in double boiler. Remove from boiling water, add sugar and water, and blend. Add egg yolks, one at a time, beating well after each. Add butter, a tablespoon at a time, beating thoroughly after each amount.

TOMORROW'S MENU

BREAKFAST: Stewed prunes, oatmeal, hot cross buns, coffee, milk.

LUNCHEON: Codfish cakes, catsup, whole wheat bread, butter or fortified margarine, apple-sauce, raisin cookies, tea, milk.

EASTER DINNER: Grape and orange roast, chicken, herb stuffing, giblet gravy, parsley new potatoes, buttered peas, enriched rolls, butter or fortified margarine, cold fresh asparagus, vinaigrette dressing, fresh pineapple de luxe, glossy chocolate cake, coffee, milk.

Date for Selecting County Apple Queen Advanced to April 21

The date for selecting the Ulster County Apple Blossom Queen has been changed to Friday, April 21, H. M. Cameron, chairman of the county committee, announced today. The change had to be made because of a conflicting event at the Kingston Municipal Auditorium, and because the impossible to change the location to any other smaller meeting place. The original date set was Saturday, April 22, the date on or before which the county queens must be chosen.

The Ulster County Apple Blossom Queen selection contest will start with a concert at 8:30 p. m. At 9 p. m. the judging will begin, followed by dancing.

Mrs. W. T. Hooke of Lake Katrine is the chairman in charge of securing the judges and Mrs. Roger H. Loughran of Hurley will select the daises to be worn by the County Queen and her four attendants in the final valley contest. May 5, the committee will provide the dresses for the Queen and her attendants. Irving Rose will have charge of arranging for the music for the concert and dance.

Others attending the special meeting of the County Committee Tuesday night were Mrs. R. R. Gross, director of Queen election for the valley festival; Lucille Costello, a member of the float committee; Conrad J. Heiselman, Charles Elmendorf and Albert Kurdt.

Miss Thyra DuBois Honored at Shower

Miss Thyra DuBois was guest of honor at a surprise bridal shower March 23 at the home of Mrs. George M. Kotrady, 27 Emerson street. Miss DuBois, who lives at 90 Klorsted avenue, will be married Easter Sunday at St. James Church to Irving J. Kotrady.

Gifts were placed under a large umbrella with streamers and miniature umbrellas in pastel shades of pink, white, orchid and yellow. Later lunch was served in the dining room where two tables were decorated. There was a large cake with "Congratulations to Thyra" written on it, and decorated by yellow and pink roses.

Guests included the Misses Shirley Townsend, Irma Tigar, Sandra, Phyllis and Teri Kotrady, and Mrs. Willys Rider, Mrs. S. Brown, Mrs. Clarence Carle, Mrs. Theodore Wicks, Mrs. A. K. Rose, Mrs. William Pennington, Miss and Mrs. Clyde DuBois, Mrs. William Carle, Mr. and Mrs. Herbert Davis, Mr. and Mrs. Harold Winchell, Mrs. Laura Davis, Mr. and Mrs. Chester Miller, Mrs. Claude Christiana, Mr. and Mrs. Donald Christiana, Mrs. Julius Heynor, Mrs. Myron DuBois.

Also attending were the prospective groom and Irving J. Rose and George Kotrady.

Kingston Hospital Auxiliary Asks For New Members

The Kingston Hospital Auxiliary today extended "a cordial invitation to the ladies of Kingston and vicinity to join with us in membership...to aid in the very necessary work for the Kingston Hospital."

"A hearty welcome will be assured," the Auxiliary declared, "asking interested persons to attend meetings, which are held the last Tuesday of every month in the Nurses Home."

At the last meeting, Mrs. John B. Krom reported that "a great many" of the rooms in the hospital had been redecorated and that when all the rooms have been attended to the main kitchen of the hospital would be completely refurnished and redecorated.

Mrs. Krom is chairman of the auxiliary's decorating committee. A letter was read from John D. Schoonmaker, president of the Board of Managers of the hospital, expressing thanks for decoration work.

Mrs. Parker K. Brinner, first vice president, presided at the meeting and a new member, Mrs. Living Etchells, was welcomed. Guest speaker was Maj. Helena Clearwater, U. S. Army Nurse Corps, retired, who described her experiences in the Philippines and exhibited material and costumes she brought home with her. Maj. Clearwater was in the Pacific area when the war began, Dec. 7, 1941. Hostesses for the afternoon were Mrs. Frederick Snyder and Mrs. Conrad J. Gross. Mrs. Brinner pointed

West Hurley Hears Address on Cancer
Mrs. Harry P. Van Wageningen, official of the American Cancer Society, last night addressed a West Hurley audience on the subject of cancer prevention and treatment, illustrating her talk with a film on cancer prevention. She spoke in the West Hurley Methodist Church.

Mrs. Van Wageningen, who is executive director of the Ulster County Branch, New York State Division, of the American Cancer Society, also explained in detail the function of the Tumor Clinic in Kingston.

After her talk, the audience agreed to sponsor a game party and square dance at the West Hurley School for the benefit of the cancer fund.

Mrs. John D. Groves arranged for Mrs. Van Wageningen's talk.

'Real Minstrel Show' Set by Zion Church
A "real colored minstrel show" will be held next Wednesday and Thursday, April 12 and 13, by the Men's Club of the Franklin Street A.M.E. Zion Church, at the church hall, 26 Franklin street.

The Men's Club is making great preparations for the show, it was announced, and in addition to the regular minstrel show there will be several specialty numbers.

James B. Fitzgerald and James Van Denmark will be preeminent and Theron B. Mowers will be the interactor.

The doors will open at 7:30 p. m., and the show will begin at 8:15 p. m., with no seats reserved.

Elks Auxiliary Installs Officers
Installation of officers was held at the regular monthly meeting of the Ladies' Auxiliary B.P.O.E. No. 550, Monday evening. Past President Charlotte Dolson officiated and the following officers were escorted to their chairs:

President, Anna Ballard; first vice-president, Marguerite Logan; second vice-president, Lena Roche; secretary, Hilda Ennist; treasurer, Thelma Mandell; and financial secretary, Frances Rose.

President Ballard appointed the following committees: Inner guard, Evelyn Francis; chaplain, Rose Straley; publicity chairman, Betty Freer; chairman of refreshments, Agnes Powers; sick committee for April, Angeline and Marguerite Levy; membership committee, Hilda Krum. Sisters Sharot and Dempki will represent the auxiliary at the Ulster County Cerebral Palsy Association meeting April 13.

Mrs. Robert Marlow, attending her first meeting, was welcomed by President Hilda Krum and the application of Mrs. Herbert Van Deusen for membership was accepted.

Lena Roche, chairman of the banquet scheduled for April 24, at the Embassy Room, urged all members to return their reservation cards as soon as possible.

A covered dish supper was held before the meeting.

Capons, specially treated roosters, grow bigger than the average male chickens and are raised solely for their meat.

Reporter About Town

By Jean Mele

I expected to meet a dowdy mouse of a girl, wearing a dingy brown dress and thick woolen stockings—because that was the picture of German and Austrian womanhood I had carried home with me after a postwar trip to those battered lands.

But I am pleased to report that Austria, transplanted, can beat plenty of American glamor girls at their own game. Elisabeth Hohenauer, 17 years old, self-possessed and pretty, is from Innsbruck, Austria, and she is attending boarding school in Connecticut for one year, sponsored by Prisma, girls club of Kingston High School.

Outwardly, Elisabeth could easily compete for the title of Miss American Teen-Ager. Her dark hair was cropped short in the latest style, and her dark blue skirt and cap-sleeved white blouse trimmed in dark blue were in the smartest American tradition. Her stockings were sheer nylon, not wool. Her grooming was perfect, and her make-up was discreetly seventeen. Her talk is sprinkled with slang and "colays," with barely the trace of an accent.

Inwardly, however, Elisabeth carries scars which American teenagers do not share and cannot really understand.

Elisabeth waved her hand at the row of frame houses across Pearl street, and said: "One bomb would blow up ten of them."

To see cities which are not masses of ruins constantly surprises her. "I often wonder what you would do," she said. "To mention a practical point—your cellars are not very good. And you build so much from wood! The fires would be awful. . . . They could destroy a little town just overnight."

In Germany and Austria, houses are built of stone and brick, she said, and their sturdy cellars saved innumerable lives during the bombings. "I spent at least a third of my time at school in Munich sitting in the cellar," she said.

We talked about more pleasant things. What had surprised her most about America?

"I didn't expect the standard of living to be so really good. The houses. And each family with a car, or two cars! And the kitchens—! They're really something. We have no refrigerators, and not always hot and cold water."

Q. What about styles? Are they very different?

A. Well, in Austria we don't wear our hair as short as you do here. And we don't wear all this jewelry—this costume jewelry, all those bracelets. We wear fewer things with some value. And we usually don't wear earrings.

Q. I see you're wearing nail polish. What would they say about THAT back home?

A. They'd say I was very Americanized.

Q. Will you stop wearing it when you return?

A. Yes, I'll give it up, but I'll wear it on my arrival just to shock them.

Q. And what about make-up—lipstick?

A. We never wear it at school. But for some special occasion, we wear make-up.

Q. If you could take back anything you wanted to—what would you take?

A. Well I AM taking back one of the things I wanted—a little portable radio. If I could take anything? Well, of course—a car!

Q. Do Austrian and American girls have the same interests?

A. Yes I think so. Maybe Am vician girls for their age are more interested in boys—but maybe I think so because the girls I know are in boarding school.

Q. If you could take back certain American customs to Austria, what would you take?

A. (Quickly and with enthusiasm.) Eating a lot for breakfast!

Elisabeth expects to return to Austria in July. She is one of a group of students whose scholarships in American schools were arranged by the American Field Service, through the cooperation of such groups as K.H.S.'s Prisma Club. She spends at least part of her school vacations in Kingston, visiting the homes of various Prisma members.

She hopes to attend diplomatic school and go into diplomatic service. "My strong point is languages," she said. "I collect your American slang expressions. Some of them are wonderful and so amusing. I send them to a boy cousin of mine in Austria who is studying English. Such expressions as kick the bucket. . . . I think they are so amusing!"

The conversation went on, question and answer, until we veered onto the war. Then she turned her face partly away, and began to talk—fast, words tumbling over each other—drawing a picture of a bewildered child whose world was crumbling about her ears, a child separated from her mother (who was in Austria while Elisabeth was in Munich attending school), separated without any means of communication or any hope of reunion. . . .

Finally she stopped. There was a moment's silence, and she added: "I always feel quite funny when somebody here says, 'Well, in the next war. . . . Because they just don't know anything about it. I feel like saying, 'You'd better not talk about it! You'd just better do your best—and we all had better do our best—to see that there ISN'T another war.'"

"There must be world government. It won't come all at once. It must be worked on. It will come in steps."

"I don't think anybody will be so crazy. . . . as to drop a hydrogen bomb. No nation would take the risk of destroying its own people. Now. . . today. . . even if you win a war, you lose it too."

Weiners Whip Sicklers, 71-66; Capture Annual Y-Mid-Hudson Title

Mueller and O'Connor Pace Winners; Marlborough Tops Monticello Squad

Newburgh Weiners had too much size and experience for Sickler's Juniors and these vital advantages paid off with a handsome 71-66 victory in the final of the fifth annual Y-Mid-Hudson basketball tournament before 700 spectators at the municipal auditorium.

Never ahead, the Juniors unloaded a 24-point second quarter trail by a point, 38-37, at halftime, but the Hill City cagers quickly regained command in the third quarter and led from four points all the way.

Marlborough Legion whipped the Monticello Legion by the surprise margin of 65-51 in the consolation preliminary.

The usual trophy awarding ceremonies were not held last night because the trophies had not arrived. Lou Schafer, tournament director, said they would be given out at a special ceremony later.

Fritz Mueller, veteran Orange County star, and Big Ed O'Connor, St. Patrick's Academy ace, delivered the crucial blows against the Juniors. The Newburghers romped to a 19-6 lead and were ahead 22-13 at the quarter.

Mueller's brilliant pivot shots accounted for 19 points and O'Connor tossed in 16 while doing heavy damage under the boards.

Buddy Smith, Sickler center, led both squads with 22 points, 15 of which came in the first half and Rennie Scheffel had 14. Mike Rienzo hit for a dozen, while Dick Tyler achieved only nine for the Weiners.

It seemed that the Juniors had

Spring Sports Slate Is Heavy at K.H.S.

Sports schedules released today at a busy slate for Kingston High School tennis, golf and track squads this season.

The final week in April will witness the takeoffs for all four spring sports, including baseball besides the above-mentioned three.

Golf prospects are high again with Leon Randall heading Coach Russ Cunningham's high powered squad. If anything, the Maroon linksmen should be stronger than in 1949 when they annihilated virtually all opposition.

Tennis coach Theron Culver has fair material for the 1950 season, while Coach Klas has 14 lettermen returning for the track campaign.

The track squad has seven competition dates lined up with the season opening on April 20 against Middletown and closing on June 10 with the intersectionals at West Point.

The golf team opens against Middletown on April 26 and winds up play against Poughkeepsie on June 7. Beacon and Poughkeepsie are new members of the DUSO Golf League.

Perlmutter's Fate With Colonials Is Big Baseball Mystery of 1950

The \$64 question with the Kingston Colonials these days seems to be: Whither Danny Perlmutter?

With spring training time less than a week away, the name of the fleet-footed centerfielder has yet to figure in speculations for the 1950 season.

Is or isn't Danny Perlmutter going to be a member of the 1950 Colonial squad?

Is he going to play part time or full time? Does anybody have the answer?

The former New York collegian who led the club in hitting with .328 last season (sixth best among the Colonial League batsmen) is now a bona fide resident of Kingston. He married a local girl and is connected with the Singer and Greene real estate concern.

Hopes to stay around Kingston for a long time, he says. But will J. Daniel talk about his plans with the Colonials? Of course, not.

So, the reporter relies on rumors. Like the one that Danny would be available for only part time duty... playing only the home games.

Is that good for club morale? Definitely not, and Danny is smart enough to realize that. The league rule permits the use of only one "resident player" and, in most cases, it's a pitcher, who works every third or fourth day.

Take an outfielder or any other player for that matter, play him just at home while the gang makes those rocky but trips on the road and see what happens to club morale. It's like lighting the fuse to a powder keg and just waiting for the inevitable.

As a young married man with extra responsibilities, the matter of fundamental economics has strong appeal for Perlmutter. The chances are that a hike in salary over last year's figures would prove a strong inducement for J. Daniel.

Are the boys dickering for terms? Regarding Perlmutter's availability, we think that's a problem that can be settled without too much trouble. Bill Singer, his boss, is a civil-minded sort of fellow who could be persuaded to release Danny for the baseball season. The same goes for Bill's partner, Benjamin Greene. It wouldn't be bad for business, either, especially if Danny has another good year.

The whole matter seems to revolve around finances. Is Danny

Fishing Film Slated For Broadway Theatre

"Shark Killer," filmed for the most part in Ensenada, Mexico, will be shown for three days beginning Sunday, April 9, at the Broadway Theatre, it was announced today.

Starring Roddy McDowell who is making his second appearance in a fishing picture, the film is said to have the air of authenticity not obtainable in a Hollywood studio. McDowell's first fishing film was "Tuna Clipper."

Blackwood May Get Bout With Robinson

Akron, O., April 6 (AP) Joe Blackwood of Paterson, N. J., may have earned himself a non-title bout against Ray (Sugar) Robinson, the welterweight champ.

After Blackwood, an underdog took a unanimous 10-round decision here last night from Arlio Towne of New York, the champs' manager, George Gairdard, promised the fight for June if an agreement can be reached about weights and money.

Blackwood weighed in at 161½, Towne at 160. Fat Comiskey, 219, also of Paterson, scored a technical knockout over Eddie Davis, 175, of New York in the second round of their scheduled 10 rounder.

Shotton Says Cobb Greatest Player In Last 50 Years

Dallas, Texas, April 6 (AP)—Baseball people are still taking sides in the recent Associated Press poll to decide the greatest player of the past 50 years.

The latest to disagree with the nation's sportswriters who gave the honor to Babe Ruth is Manager Burt Shotton of the Brooklyn Dodgers. He names Ty Cobb as the greatest player during the first half of the century.

"Why don't they ask those who saw both Ruth and Cobb in their prime which is the better player?" Shotton wanted to know. "Why don't they ask me?"

"I played against both," he went on, "and to me there was none that ever came close to Cobb. Anybody who played against him would tell you there never was a player like Cobb."

During the stretch from 1909 to 1918 while Burt was playing in the outfield for the St. Louis Browns Cobb won the batting title every year except one, in 1916, when Tils Speaker beat him out.

"I bet Cobb could beat you more times than Ruth, and in more ways," he said. "There wasn't a thing that fiery Georgian couldn't do. He hit over 400 three times. He once stole 36 bases in a season. He collected over 4,000 hits and scored more than 3,000 runs."

"Sure, Ruth was a great home runs hitter," Shotton conceded, "but they had to change the game for him. They made over the ball. They even built a ball park to suit him."

Sports of the Day (IN BRIEF) (By The Associated Press)

Chicago — The N.C.A.A. approved a 16-team basketball tournament for next season, doubling the size of the field.

Miami Beach, Fla.—Tony Vincent of Miami eliminated the Mexican champion, Gustavo Palafax, in the Good Neighbor tournament.

Hamilton, Bermuda.—Top-seeded Don McNeil of Baltimore, N. Y., gained the semi-finals of the Coral Beach tournament.

Training Camp News in Brief

(By The Associated Press)

Fort Worth, Tex., April 6 (AP)—Dodger pitcher Bob Miller's valise has been shipped through to Brooklyn.

The rookie, who still belongs to the Brooklyn farm in Fort Worth, has impressed Manager Burt Shotton in spring exhibitions.

"That theory about Miller's needing another year is a lotta hooey," Shotton said. "The way some of our pitchers are shaping up he could get plenty of work."

Jansen Goes Route

Dallas, April 6 (AP)—Larry Jansen is the first New York Giants pitcher to go nine innings this spring.

The right-hander stopped a five-game losing streak in outlasting Bob Lemon to defeat Cleveland yesterday, 4-2.

Jansen allowed the Indians only four hits after a shaky start. The Giant ace always has started slowly in the spring.

St. Petersburg, Fla., April 6 (AP)—Joe DiMaggio's legs are acting up again. This time it's a muscle pull.

He dropped out after the first inning in yesterday's 4-4 Yankee victory of the St. Louis Cardinals. DiMaggio hit a hopper to short then pulled up lame after bolting from the plate. He should be ready again in a few days.

Dallas, Tex., April 6 (AP)—Luke Easter is turning out to be a fielder as well as a slugger, claims Manager Lou Boudreau of the Cleveland Indians.

As the Indians arrived here to resume their exhibition series with the New York Giants, Boudreau still was talking about big Luke's almost unbelievable catch yesterday when the Tribe lost to the Giants at Houston 8-2.

Easter speared Alvin Dark's line while crossing the right field foul line for a sensational second-inning catch.

What's more, Boudreau now is convinced Luke can hit, both right and left-handed choppers. Accordingly, Lou's current plans—subject to change again—are to play

Start of Masters Overshadows P.G.A. Office Wrangling

Augusta, Ga., April 6 (AP)—The rumblings of ruckus in the P.G.A. were merely murmurs today as the 14th playing of the Masters Golf Tournament began over the hills and greens of the Augusta National.

The scrambling within the P.G.A. to get more power for touring golfers in running tournaments nearly overshadowed preparations for the Masters tournament earlier this week. But the scrapping died down and verbal weapons were put in mothballs until a showdown meeting here Monday.

And in the place of that unpleasantness is the playing of the Masters—the top stop on golf's winter circuit. On Monday, maybe sooner, arguments are due between the unhappy stars and P.G.A. officials, but until then the Masters is the thing to try and win.

Sam Snead is short man in the odds. It's three-to-one that the mountaineer from White Sulphur Springs, W. Va., won't successfully defend his crown. "I'm right nervous," Sammy says.

The field is 65, largest but probably not the strongest, in the history of the tournament.

Next to Snead in the odds at four-to-one are National Open Champion Cary Middlecott and little Ben Hogan. Hogan hasn't won a Masters in seven tries. He played the best golf in practice rounds but good practice rounds mean little.

Johnny Palmer is given a five-to-one chance and Jimmy Demaret and Jack Burke, Jr., are chalked up at six-to-one.

The national winds and climbs 6,900 yards over the piney east Georgia hills in championship form. Par is 36-72.

St. Petersburg, Fla., April 6 (AP)—The rookies are shortstop Ed Nietopski and pitcher Maurice Garlock. Both went to Rochester of the International League.

Thirty-one members of the Cardinal organization, including Manager Eddie Dyer will fly from here to Houston today. They will work out there Friday.

Easter every day and discard the platoon outfield system he rigged up last month to pit right-handed batters against southpaw pitching.

St. Petersburg, Fla., April 6 (AP)—The St. Louis Cardinals released two more rookies as they closed their spring training camp for another year.

The rookies are shortstop Ed Nietopski and pitcher Maurice Garlock. Both went to Rochester of the International League.

Thirty-one members of the Cardinal organization, including Manager Eddie Dyer will fly from here to Houston today. They will work out there Friday.

Writers Honor Kiviat

New York, April 6 (AP)—Abel Kiviat, one of America's top millers before the First World War, today was voted the New York Track Writers Association's annual outstanding achievement award.

He was honored in recognition of his services as press steward in metropolitan meets during the past 26 years. Kiviat won the A.A.U. mile title in 1911, 1912 and 1914.

Flamingo Winner Tabbed as Choice In Kentucky Derby

New York, April 6 (AP)—The Kentucky Derby will be run a month from today, and as of now, Oil Capitol and Hill Prince stack up as the "Big Two."

Oil Capitol, Tom Gray's Flamingo Stakes winner, recently arrived on the derby scene at Louisville from Hialeah, Fla., and began training in the role of a 7 to 2 favorite for the May 6 classic. Meanwhile, most lines had C. T. Chenery's Virginian, Hill Prince, at 6 to 1.

But the oddsmakers were busy today, shuffling their quotations for the blue grass extravaganza, and it wouldn't be surprising if they move Hill Prince right up there with Oil Capitol because of the way the Chenery charger

won yesterday's Experimental Handicap No. 1 at Jamaica.

It was the 14th day's first 1950 start and verified his excellent form as a juvenile. He answered the only question that needed to be answered—that he is as good as he was last year.

Ace Jockey Eddie Arcaro said just that after guiding the Prince to a length and a quarter triumph in the six furlong test, supplementing his remark with, "and that is something."

The strapping son of the cup horse, Princequillo, ran one of his typical races, spotting many lengths to faster beginners, then coming on with a characteristic stretch kick in slop and rain. His time, 1:12, was good in such going. With Arcaro sitting still, the colt worked out a full mile in 1:40 flat.

London—The British Boxing Board announced the winner of the Terry Allen-Honore Protest fight April 25 would be recognized world flyweight champion.
